Von Frankie J. Jones : Midas Touch (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Midas Touch (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Pure fiction...Von high art...but the most heart-wrenching and comforting kind.The book starts slow, which almost led me to put it down and not read it. Now, after having enjoyed all 195 pages, I am very happy I did.The story may be a little

far-fetched but hey, it is fiction, it is a romance, it is supposed to take us to a better world, in a better time and transport us into a soothing dream. Not only does this book have a very likable main character, no it also offers very intriguing and lovable side characters. I would love if Frankie J Jones would pick up these characters again and write a sequel...so many things she could elaborate on. I can recommend this book to everyone who won't be put off by a story that might not happen like this in reality.

Kurzbeschreibung Running away led Sandra home. . . Searching for her past, Sandra meets her future . . . Everyone said Sandra Tate had it all. She ran the multi-million dollar corporation she'd built from scratch, drove a silver Jaguar, and lived in an elegant penthouse with her beautiful lover from an old Dallas society family. Everything she touched, it seemed, turned to gold. Beneath the glamorous veneer, however, Sandra Tate viewed her life quite differently. At work, it seemed the corporation ran her and left little time for the architectural design work she truly loved. At home, she was consumed with self-doubt over a relationship that had gone stale years ago. Now that Sandra had made it to the top, the poor girl from the wrong side of the tracks felt empty and powerless. Forced to take a leave of absence from her business, Sandra found herself adrift until a mysterious letter from the past propelled her to search for her mother - the woman who abandoned her when she was a child. When the journey leads her to a small diner in San Antonio, Sandra lets go of her golden life and finally begins to live . . . Frankie J. Jones is the best selling author of Room For Love, Captive Heart, Whispers in the Wind, and Rhythm Tide. Kurzbeschreibung Running away led Sandra home. . . Jones is the best selling author of Room For Love, Captive Heart, Whispers in the Wind, and Rhythm Tide. Synopsis Sandra Tate has it all - a very successful business, a penthouse apartment, a beautiful girlfriend, and she is miserable. When a chance encounter with a motorcycle and the motorcycle's owner turns Sandra's head, she hits the road in search of her future - only to crash headlong into the past. But this time she fights for the happiness denied her years ago.
