never regret it. Fanfic or not, this story is creative, different and one of a kind.

Kurzbeschreibung Aspiring musician Scott finds a strange young man huddled in an alley during a rain storm. Inviting him in changes his life and he soon learns that Midge is much more than meets the eye. This book contains homoerotic romance and some sex scenes. "These are good" Midge said, slicing his meatball in half. "They are balls of meat and are called meatballs. Why is all food not named that way? Bacon should be called 'yumstrips' and coffee should be called 'hypermilk'. It would make it easier to order." Scott had to put his fork down and tilt his head down to hide his laughter. He covered his mouth and almost had it under control until he looked at Midge who had the most innocent yet cocky expression on his face he had ever seen. "They do it for fried chicken too, you know." Midge's eyes widened. "You are right!"
