KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Amazing!Von Francis'Midnight Blood' is has an amazing story. The main characters are great and the suspense is well

built. And the romance is just perfect! Shayna and her twin sister Melina (17) live with their mom in a small town. It's their last year of school, when a new guy arrives in town, Cain. He -of course- is a mysterious, sexy guy... and Shayna, who had never felt anything for a guy, suddenly finds herself thinking about him all the time. They get very close... Shayna's father, believed to be dead, is a pure blood vampire and on her 18th birthday Shayna will become one as well. She knows this and is afraid of what might happen to her that night. In her dreams it always appears a young man, who then warns her that Cain only wants her blood because he is a Changeling (not a complete vampire). She cannot believe this, but finds out that Cain is a Changeling, but he loves her and will not take her blood. The young man turns out to be Cain's brother Aiden, who hates him and wants revenge because Cain killed his lover. It's the night before her birthday, when Aiden takes her away to take revenge... I really enjoyed reading this book and cannot wait for the second part to come out!! The author tells the story really good. A MUST for all fans of vampire love stories!!
