What I didn't expect is this superbly written book that kept me up until 3 in the morning. Both the hero, Eduard D'Arcy and the heroine, Frederica

Lavoy, are strong personalities, attracted to each other beyond the physical attributes. They both care about injustice and fairness and this is what strongly motivates and pulls them together toward defeating evil. The passion between them absolutely sizzles. Part human, with vampire blood, Frederica is able to move in the human world during the day. She uses that characteristic to bring evil vampires to justice in any which way she can. She is proud of her logic and her emotionless feelings she uses to capture evil. Until the day she has to bring in Eduard D'Arcy, the man she has fallen in love with. It is then that her emotions fail emotions threaten the strongly held truths and duty she has sworn to uphold. But Eduard does not trust Frederika. Despite his intense feelings for her, he recognizes her as someone out to destroy him. To protect himself, and then later, Frederika who is threatened, he must find the real villain who is out to kill the human race. This is a wonderful book, filled with the best kind of hero and heroine, the kind who are able to sacrifice their own lives to save the ones they love so dear. I hated to see the story end.0 von 0 Kunden fanden die folgende Rezension hilfreich. Not enough sizzle!Von Carolyn ChristyA few days ago, I finished *Midnight Gamble* written by Nancy Gideon. This story is set in the 1920's, the Jazz Age. The main character of this book is Frederica Lavoy who is the granddaughter of Louis Radman from *Midnight Kiss*. Frederica is blessed with unique gifts. She is different from the other vampires for she is able to walk in the sunlight. Her father, Marchand LaValois, along with others of his kind, hold trials of those vampires who endanger their way of life. They act as judge, jury and executioner only to those who are truly evil, who slaughter innocent humans. Frederica works for him, hunting and bring them to face justice. Strange deaths are reported and all evidence seems to point to Eduard D'Arcy. Frederica is sent out to bring Eduard in to face her father's justice. But is Eduard innocent or guilty? Mortal or immortal? As her feeling for him grow, she begins to have doubts that he is the killer who is terrorizing the humans. And she begins to doubt whether or not she will be able to bring him forth for justice. But more is at stake than her own conflicting emotions. An old enemy resurfaces manipulating both Frederica and Eduard in a quest for vengeance. This book was good but in no way does it compare with her previous book, *Midnight Enchantment*. Perhaps I found Frederica too ruthless, too unfeminine. I had hoped her edge of hardness would soften. She was simply not appealing to me. The developing love story between Eduard and Frederica would have been more compelling if Frederica didn't have that hardness. I know some will disagree with me over this because she is a hunter but I really prefer a heroine to be feminine and well, sweeter. Someone easier to identify with.1 von 1 Kunden fanden die folgende Rezension hilfreich. Quite A GambleVon Ein KundeIt was a memorable book about vampires in love. Two prideful vampires who lack trust in their world because of a vengeful past. I would recommend this book to anyone who enjoys romance and vampires.
