**Von Marsha Canham : Midnight Honor (Scotland Trilogy Book 3) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Midnight Honor (Scotland Trilogy Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Needed more romanceVon Detra Fitch\*\*\*\*\* This is not Marsha Canham's best, but it is still a very good read. The author shows the love, hate, and anguish the people must have felt in that time of history. In my personal opinion, there was too much time spent on war strategies. However, I do not see how the story could have been told otherwise. After all,

the main characters were in the thick of it all. The author did a marvelous job creating this one! \*\*\*\*\*0 von 0 Kunden fanden die folgende Rezension hilfreich. absolut lesenswert Von Najlanachdem ich die ersten beiden teile der highlander-reihe gelesen hatte, war ich nicht sicher, ob ich das letzte noch lesen sollte, denn besonders angetan hatten sie's mir nicht.. midnight honor hab ich jedoch in einem zug durchgelesen. und das letzte mal, dass ich bei einem buch weinen musste, ist jahre her, und ich hab geheult wie ein schlosshund.die unterschiedlichen sichtweisen von anne, einer jakobitin, und ihrem mann angus, captain bei der black watch-einheit, entzweit die beiden immer mehr. waehrend angus auf der seite der englaender steht, ist anne dem prinzen und der sache treu. sie versammelt hunderte von clan-mitgliedern und zieht mit john macgillivray, der sie liebt und den sie liebt, in die schlacht.wer nur eine romanze erwartet, bei dem alles politische eher sehr im hintergrund steht, wird etwas enttaeuscht. ich hingegen bezweifle, dass mir das buch so gut gefallen haette, wenn es eine weitere 08/15-liebesgeschichte gewesen waere.

**Kurzbeschreibung**An unforgettable romance between a man bound by honor a woman fated to both desire and defy him. This much acclaimed novel tells the story of Colonel Anne Moy who called out her clan to fight for Prince Charles Stuart even as her husband, the Chief of Clan Chattan, served as an officer in the Hanover army. Love and war in one sweeping adventure.From Publishers WeeklySet during the Jacobite rebellion of the mid-1740s, Canham's latest (after Swept Away) details the events leading up to and following the battle at Culloden, where the English battled Bonnie Prince Charles's rebel Scots. Although Angus Moy has vowed that he wouldn't lead his people in their rebellion against England, his spirited wife, Anne, defies him by joining the rebels and becoming the colonel of his clan. Regardless of the obvious physical intimacy the two share, Anne's loyalties rest firmly with Scotland while Angus remains faithful to the crown for reasons he won't reveal. Due to their conflicting allegiances, Anne and Angus are estranged for a large part of the narrative, and readers may become confused as to who the hero is when Anne's handsome and able clansman, John MacGillivray, joins her crusade. Through lush and earthy prose, Canham depicts the simplicity of Highland life and the brutality of war with vivid accuracy, and infuses her characters with vitality. Readers who think that the setting of a novel should function merely as decorative wallpaper may be disappointed by the amount of space Canham devotes to historical events, but those who long to immerse themselves in another time and culture will appreciate this meticulously detailed tale. Copyright 2001 Cahners Business Information, Inc.From BooklistJacobite Scotland just before the Battle of Culloden is the setting for this sweeping novel. Anne Farquharson Moy is fiercely loyal to Prince Charles, but her husband, Angus Moy, chieftan of his clan, has pledged himself and his clan to the English and their campaign to crush the Jacobite rebellion. While Anne loves Angus, she cannot understand or accept his loyalties. A childhood friend, John MacGillivray, who has kept his love for Anne a secret, stands by her side as she leads her clan into battles against the English, and her husband. Will Anne succumb to the temptation of John MacGillivray, or will she remain loyal to Angus? In turns poignant and heroic, Canham's tale is bigger than a simple love triangle. The reader will come to love the proud Scots who inhabit its pages, and feel sorrow when the Battle of Culloden reaches its awful conclusion. This gifted author has created an intriguing adventure that should not be missed. Maria HattonCopyright American Library Association. All rights reserved
