SchneiderI was given an ARC by Ann in exchange for a honest review of Midnight Magic. This is another great read by Ann. Again has shown what a great story teller she is. Ann captures the reader and brings them into the story. Ann is able to weave a story filled with great characters, exciting scenes that

make the story flow so easily. She describes with such detail what Cassie is going through once she releases that allowing Tyler into her life was probably the the ultimate mistake in her life. Read this great short story to see if she can break free of Tylers hold.
