Von Ingrid Stephanie Jordan Title : Midnight Run Wayward Wolves , Volume 4 Author : Bethany Shaw .Reviewed by : Stephanie Jordan Ms. Shaw has written another book for this Series that keeps you intrigued from the beginning. Rhea is Declan and Bray's baby sister, we're Werewolves that are still on the run

from there Pack, her brothers knew that as soon as Rhea became of age that Pack was going to breed her, use and abuse her. That just wasn't going to happen as far as her brothers were concerned. They have been running to many cities. They all ended up in Cancun where Rhea ran on the beach every night and loved it. She decided to get a job and not tell her brothers. They were very protective of her and she wanted to get out of the loud house. Declan and Bray were newly mated so yes the house was very loud and Rhea didn't like it. Mason Green, is a Navy Seal and human on leave in Cancun looking for his baby sister Amy who has been missing for three weeks now. When he saw Rhea he wanted her like he's never wanted anyone before, like looking for water in the desert, he had to have her. And the adventure begins. I was gifted this ARC for an honest and truthful review.
