Von Cynthia Eden : Midnight Sins (Midnight Trilogy) before purchasing it in order to gage whether or not it would be worth my time, and all praised Midnight Sins (Midnight Trilogy):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Succubus meets policemanVon Helen HancoxWhen Atlanta detective Todd Brooks meets beautiful Cara Firon,

suspect in three murders, she doesn't look like a monster to him; quite the reverse. However Cara knows that, as a Succubus, she would be considered a monster by most humans, including her former lover who tried to kill her. But Todd's world is beginning to open now he's seen his partner turn into a wolf, something Todd has tried to push to the back of his mind since that event. Cara's alibis check out but Todd can't leave her alone and it soon becomes clear that someone is trying to frame her for the murders. What is the motive? Who is doing it? As Todd learns about the dangerous underworld of the 'Others' and of the power that his succubus demon has, he has to start re-evaluating much of what he used to know about the world and about the people with whom he worked. This was an enjoyable story with the murderer not clear until almost the end of the book. I liked the way that the author described Todd's gradual learning of a new side to the world in which he lives and the glimpses into the relationships and lives of some of the other characters. The central romance was rather more a love-at-first-sight story with both characters having to learn to trust but it was still an enjoyable journey with them. Originally published for Curled Up With A Good Book Helen Hancox 2009

Kurzbeschreibung "Edgy and compelling...sizzles." --Alyssa Day Eyeing the gorgeous blond nightclub singer, Atlanta detective Todd Brooks feels sure there's a higher power somewhere. But a twisted killer is leaving a trail of bodies in seedy hotel rooms across town. The male victims show no wounds--it's as if the life was simply drained from them. And right now, the mysterious Cara Firon is Todd's only suspect. Cara knows it's foolish to be so drawn to a man who thinks she's a murderer. She also knows Detective Brooks would find the truth even harder to swallow. Cara is one of the Others, a race of powerful, paranormal creatures who live among humans. Cara's particular abilities make men putty in her hands--all except this rugged, sexy-as-hell detective. But now someone, or something, has singled Cara out for serious payback. . . Pressestimmen Praise for Cynthia Eden's novels "Highly sensual and definitely dangerous." -- Shannon McKenna "A cross between CSI and Medium, only hotter." -- Jacquelyn Frank "I dare you not to love a Cynthia Eden book!" -- Larissa Ione Kurzbeschreibung "Edgy and compelling...sizzles." --Alyssa Day Eyeing the gorgeous blond nightclub singer, Atlanta detective Todd Brooks feels sure there's a higher power somewhere.
