AmazingVon ReginaThis one's amazing! Containing all our dreams! One hell of a world around trip, man with his horse, surching desperately for years, just to find what he needs most, at the very point he started years ago. Two main characters named like arc-angels acting pretty human. Lovable and sexy as well!Mieko Heide, new name in English

gay-romance, but already well known in Germany! I'm looking forward for volume 2!

KurzbeschreibungBlurbMike has been living for several months on an Australian ranch. He is comfortable and has friends, as well as admirers. Nevertheless, hes still restless and eventually decides to return home. The decision wasnt easy to make since he ran away in his early twenties for no apparent reason. He had only his horse and a few belongings in his saddle bags and backpack, everything else was simply left behind. For years he traveled around the world without apprising his parents or siblings of his whereabouts. There was no contact letting them know he was even still alive. The reunion with his twin brother was particularly complicated for their relationship had consisted of more than just blood and friendship. There was much more between them and Mike feared Gabe might not have forgiven him yet.Besides, he could hardly blame him for feeling that way.However, his twin responds much differently than Mike expects...The harmonious atmosphere does not last long and before anyone knows how it could have happen, the twins find themselves in a family feud with more secrets coming to light than anyone would have liked.Man-to-man-erotic, I recommend my book for adults only.
