KohlerDas Buch wird in zwei verschiedenen Teilen erzht:Der eine Teil befasst sich mit der Vergangenheit aus dem Leben der schnen Beau, die sich einfach nicht zwischen ihrer Highschoolliebe Mike und ihrem geheimnisvollen Liebhaber, ebenfalls Mike genannt, entscheiden kann. Es entsteht ein frchterliches Hin-und Her der Gefhle, auch nachdem sie sich fr einen der beiden entscheidet und ihn heiratet.Der andere Teil der Geschichte handelt von der gegenwrtigen Situation Beaus: glckliche Ehe und Kinder... wenn da nicht stndig das Gefhl wre, den "falschen" Mike geheiratet zu haben. Mit dieser "Was wre wenn" - Einstellung begibt sich Beau endlich auf die Suche nach ihren Antworten und trifft sich mit dem anderen Mike...Ein

unterhaltsames Buch, bei dem der Leser zwischen den beiden Mikes hin und hergerissen wird... vor allem weil man nie genau wei, um welchen Mike es sich gerade handelt...bis zum Schluss.Eine Lektüre, die man nicht mehr aus der Hand legen kann!Viel Spaß!

**Kurzbeschreibung**Once upon a time in the 1980s, a girl named Beau was torn between two Mikes: did she prefer her high-school sweetheart or the sexy stranger she'd picked up in an airport bar? One she eventually married, the other she left behind (and forgot all about, or tried to, anyway).But which Mike did she choose? This delightful tale by the bestselling author of *Slightly Single* and *Slightly Settled* alternates between the story of Beau's summer of Mikes and the outcome fifteen years laterwithout giving away which Mike ended up wherein Beau's marriage bed or in her memory.In "The present" chapters, the former swinging single lives in the 'burbs with a childbirth-traumatized body, an increasingly distant husband and a sad sack maid who isn't much for cleaning. When out of the blue the Mike-not-taken sends her a flirty e-mail, she suddenly finds herself back to square one, trying to decide which man is the Mike of her dreams.From BooklistThe inventive premise of Markham's winning novel involves a love triangle in both the past and the present among pretty Beau, the Mike she married, and the Mike she left behind. Beau spent her early twenties in Manhattan in the late 1980s working for a television show and dating her high-school sweetheart, Mike, who was torn between moving to New York and staying in California. Beau is waiting in an airport bar for Mike when she meets the other Mike, a handsome stranger who charms her right off the bat and asks her out. In the present, Beau is married to one of the Mikes, living in the suburbs with him and their three children, but an e-mail from the other Mike gets her wondering about what could have been, and what still could be. Markham alternates between the past and the present, not giving away which Mike Beau chose to marry until the very end of the novel. Markham's latest is an appealing, wholly original yarn.
