Von Marco Vassi : Mind Blower (The Vassi Collection Book 2) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mind Blower (The Vassi Collection Book 2) (English Edition):

Literary Erotica from the Sixties Von Ein Kunde As in most erotic literature, the key fantasy here is that the main character has the time, the means, the inclination, the moral turpitude and the physical stamina to seek self-discovery through gross

sexual excess. Readers who are willing to accept that premise and don't mind an effusive style will find this book original and engaging. Although the hero's search has dated, Age-of-Aquarius overtones, the hero himself is a believable and complex character. His mood swings and meditations are brilliantly evoked; they infuse the erotic content with uncharacteristic feeling.

KurzbeschreibungThe fact that the ad was in the Times and not one of the sex journals made its wording all the more seductive. Wanted. Sensitive male to serve as personal valet and assistant to master in arcane studies.
