Recently read my first Prey book and am hooked!! This is the best one so far in a really great series, so that is saying something! Try to read them in order if you are just starting out on Mr. Sandford series. I love Lucas Davenport... Thanks Mr. Sandford, (aka John Camp) keep up the good work!!0 von 2 Kunden fanden die folgende Rezension hilfreich. Drive!Von Ein KundePuerile. Love the creativity of the Kidnapper, and of Davenport!!!!Von Ein KundeThe third book ive read in the Prey series, and i loved it. None of them have disappointed me. Love the way Villian John Mail and Lucas Davenport kind of play games with eachother and have a battle of wits with eachother. Davenport using witty ideas to find where he is, lure him into traps, while Mail, mentally ill but very intelligent, uses his brain to dodge Davenports traps and tricks, but to send Davenport and his men into booby-traps of his own. The suspense was thrilling. I loved the irony of Davenport having fun with Mail, claustrophobic, in the end, after Mail got to have all the fun leading Davenport around through most of the book. I finished in three days only because school wasted my time, but every chance i could get my nose was buried in it. For a good thrill i would recommend this or any Sanford book in the Prey series.
