**Von Carter Quinn : Vanished (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Vanished (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. 4,5 stars!Von LenaRibkaI'll keep it short and simple:Vanished is a mystery romance. And I looove the genre!This one pulls you in and doesn't let go until the end. I have many theories and suggestions, but I had absolutely no idea what was going on. What was it? A romantic mystery? An amnesia drama? A spy thriller? A heart-wrenched romance? A

paranormal novel?...Or yet a mystery romance?And then came the ending...And for me, it was the final WTF in a numerous number of WTFs along the last 80% of the book. And because the story has kept me on the edge of my seat, it's no wonder that with the last sentence I fell from my chair. WHAAAT?!Having read and enjoyed the novel, I would though recommend to wait for the next sequel to come out - there is a big fat CLIFFHANGER at the end.And normally I HATE cliffhanger.BUT, honestly, it was THE BEST CLIFFHANGER EVER.
