Von Autumn Karr, Sienna Lane : Vendetta (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Vendetta (English Edition):

Fab read Von Philomena (Cheekypee) Don't you just love when you read a book and then think wow that's certainly not what I was expecting. The description for this book certainly doesn't give it the justice this book deserves. There is

much much more to this book than the description. Leighton and Devon are two fantastic characters. Incredibly loyal to their families they are thrown together. This is their story. Grab a coffee and get ready for a great story. Received in return for an honest review. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Weird, but I liked it! Von Tea P The blurb just intrigued me. And although it wasn't really hinting to the storyline, I think it fits. Devon Andre was a hot mobster and the heir of his family's business. And Leighton was the only daughter of the Moore family's boss and Devon's nemesis. At first, the story had some kind of Romeo and Juliet-feeling. In the end it was so different! The authors surprised me with twists and turns, I just didn't expect. I must admit, it was weird to fall for a killer like Devon, but I just couldn't help it. In spite of his profession, he is a wonderful and hot guy. The connection between Devon and Leighton was kind of confusing in the beginning, but the palpable chemistry between those two was hot and I loved it. The storyline often didn't really seem to make sense with Leighton shooting Devon and all, but I really enjoyed reading this book. It was a nice, easy and quick read for me, even though there was a lot of cold-blooded killing going on.

Kurzbeschreibung Please note: this is not dark romance. I am not a good man. I have lied and cheated and stolen. I've decided between life or death, like it was my due. None of it matters, not anymore. These are not my sins. I see her raise her hands, the dark metal she's clutching reflecting the moonlight. Her finger trembles as she cocks the gun pointed at me. Her eyes are cold, determined, but I know. I know her. My name is Devon Andre and I confess my sin. I am not a good man because this is the woman I love. She pulls the trigger.* Standalone contemporary romance.* Mature reader advised. Kurzbeschreibung Please note: this is not dark romance. I am not a good man. I have lied and cheated and stolen. When they aren't scheming against fictional characters, or talking about their favourite books, you can find them ogling tattooed models and trying to figure out how to get them to do a cover shoot for their next book. Together they wrote VENDETTA, releasing this December, and hopefully many more books to come. They love to hear from readers, so don't hesitate to contact them through their Facebook page (<http://on.fb.me/18TGRU9>).
