**Von Thomas A Watson : Vengeance In Blood---Book 1 (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Vengeance In Blood---Book 1 (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A little bit disappointedVon Slawomir BuczekThe series doesn't reach the level of "Blue Plague" or "Dark Titan". Hopefully

the author will concentrate on those. Please Mr. Watson, hurry!

KurzbeschreibungOur criminal justice system has one fatal flaw: you cant punish people who always stay a step ahead of authorities. Criminals dont have to abide by rules and laws that the State does as it pursues them. Meet Besseta, a being of legend that has roamed the land for over six centuries with her mind set on one thing: Vengeance in Blood for the innocent. While human traffickers, gang-bangers, and serial killers pursue their next victim, she hunts them down and ensures that they meet a violent end. But when her kills come to light, the FBI, and worse, a secret organization starts to connect the dots. When Besseta takes down a string of Average Joes who sponsored the production of child snuff porn, LA Detective Kenneth Terrell is brought in to find their killer. A master tracker and a protector of innocents in his own right, Kenneth is tasked to find the serial killer that no one really wants to stop. Will Besseta manage to stay one step ahead while dispensing her unique justice, or will the existence of legends: vampires, finally be exposed? Justice is for the State. Vengeance In Blood: is for the people. KurzbeschreibungOur criminal justice system has one fatal flaw: you cant punish people who always stay a step ahead of authorities.
