**Von Jane Feather : Vice** before purchasing it in order to gage whether or not it would be worth my time, and all praised Vice:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A very

realistic novel Von Ein Kunde I would have to say..it is a very realistic book to read..it shows about the 17th century look on London, England. I have to put the novel 3 stars, for one thing it was just the plot was too fast, kind of confusing but overall a 50/50 novel with erotic sex, good dialogue and the plot was not that bad. People reading this, I have to say, you'll may love it, or may not love it at all. But even though I'm a very young age to read romance novels (15 to be exact), I know a good romance novel when I see one. The characters are very real and their personality have so much feeling to it. Jane Feather writes a really good novel, she is a very talented author, I truly hope she will make better novels for us romance readers, to enjoy and love. Juliana is a survivor, a spirited woman, and a lively character in the novel. Tarquin he is a dangerously handsome Duke.. in a good way and a persuasive man. But the rest of the characters.. they are ok..in my perspective. So romance readers go out there and get the novel and get seduced by the seductive world of Vice. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Very Nice!! Von Ein Kunde I thought this book was one of the better ones out of all those other extremely fake and boring historical romances books. The characters had depth, except that I thought Juliana was a bit unnatural in her tendency to fire up whenever she talked with Tarquin. I mean, how is she gonna live after she gets married--argue all the time? I loved Tarquin, the hero, who is dashing, attractive, and just plain breath-taking. This is a must-read, so go and get it! 0 von 0 Kunden fanden die folgende Rezension hilfreich. An Up All Nighter Von Ein Kunde Jane Feather is great. I've read Vice two times now, and each time I could not put it down. Tarquin and Juliana make such a wonderful couple. I just loved how Tarquin blackmailed Juliana into marrying his sickly cousin, then fell in love with her himself. I just get lost in the wonderful world that Jane Feather creates. Keep them coming Jane.

Kurzbeschreibung From the incomparable Jane Feather, author of national bestsellers *Vanity*, *Violet*, and *Valentine*, comes this enthralling new romance of daring deception and forbidden passion... Juliana drew the line at becoming a harlot. She had already begun the week as a bride...and ended it as a murderess. She was sure no one would believe that she'd hit her elderly groom with a bed warmer and knocked him dead quite by accident. So she did the only thing she could--she ran. Yet now she was in no position to turn down a shocking proposition from the dangerously handsome Duke of Redmayne: that she become one man's wife and another man's mistress--his mistress. Could she play such a role? Could she live up to such a bargain? And once she had tasted the pleasures of Redmayne's bed, would she ever want anything else? From the Paperback edition. From Publishers Weekly The last in Feather's string of "V" romances (*Vanity*, *Violet*, *Vixen*), *Vice* is constructed around a series of predictable rescues from the underbelly of Georgian London. The hero-Tarquin, third Duke of Redmayne-buys a virgin, Juliana Ridge, in order to reclaim some land from his debauched, unredeemable cousin Lucien, who is dying of the pox. Tarquin will marry him to Juliana, then get the chit with child himself and thus keep Lucien's estate in the family. While they fall in love, firebrand Juliana fights to win rights and protections for prostitutes. It's a job best done, apparently, with an omnipotent peer around to bail you out and buy you pretty clothes. Copyright 1996 Reed Business Information, Inc. Pressestimmen The sinful new novel from the bestselling author of *Valentine*. "Jane Feather is an accomplished storyteller...rare and wonderful." --Daily News, Los Angeles
