**Von Ken Smith : Virgin Sailors (British Sailor Lads) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Virgin Sailors (British Sailor Lads) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 2 von 2 Kunden fanden die folgende Rezension hilfreich.  
Summary Von Ein Kunde A collection of red-hot shocking true stories about young sailors and their outrageous life at

sea. Includes the full sized novel *Virgin Sailors*. Stuck in the middle of nowhere these guys have to fill their time somehow and they sure know how to fill it well.

KurzbeschreibungA collection of red hot and shocking true-to-life stories about horny young British sailors and their outrageous gay antics on and offshore. Join handsome lads Mike, Dave, Danny and Smudge on their first reunion since they left training. What happens next is as unforgettable as it is arousing!"Was there any, even the slightest indication, that one of them might be gay? I guess deep inside I just wanted to cement our friendships further, not to have to be lying to them about my own gayness all the time, constantly living that double life. For sure, there had been plenty of times in training when any or all of us might have been naughty with another. Often two of us would pair off and disappear for a couple of hours. Dave and Mike paired off together the most. Like I was closer to Danny, Mike and Dave were closer to each other. Maybe, just maybe, they were having a secret relationship throughout our training. I really hoped so."KurzbeschreibungA collection of red hot and shocking true-to-life stories about horny young British sailors and their outrageous gay antics on and offshore. I really hoped so."AutorenkommentarA humorous, sexy and extremely erotic novel.Brad tells the tale of a lad living in the English countryside and his first sexual encounter with another youth. From that moment on there is no holding him back, and his thirst for sex is unquenchable. A sad event at home sees Brad join the Royal Navy, where he not only falls in love again but also becomes a rent boy in order to satisfy his lust for guys. From sex in an ocean of corn, to sex ashore and at sea, you will want to ride all the way with Brad on his journey of love and lust. Other books by the author: *Virgin Sailors*, *Going Down* and, out shortly, *Riding the Big Ones*.
