Excellent romance read.Von Ein KundeIf you like this genre (erotic regency), you will not be disappointed. The relationship between the reluctant-but-forced-into conning heroine and the determined-not-to-be-conned hero is imaginatively developed. An delicious psycho-erotic tension (so productive to escapist fantasy!) between the two strong-willed characters is maintained from beginning to conclusion. This is the type of novel that Georgette Heyer might have written if she'd had a post-sexual liberation mind-set.

KurzbeschreibungDuping unwary nobleman out of their fortunes in the gaming halls--a dangerous game she plays in order to raise money to avenge her father's death--Judith Davenport finds herself under the scrutiny of the honorable Marquis of Carrington.From Library JournalIn this novel by historical romance writer Feather ( *The Eagle and the Dove*, Avon, 1991; *Brazen Whispers* , Avon, 1990), skilled gamblers Judith Davenport and her brother, Sebastian, live to take revenge on the man who ruined their father. Their plan is endangered when Judith becomes involved with Marcus, Lord Carrington. Forced into marriage after one night of passion on the eve of Waterloo, Marcus considers Judith an adventuress, but he is determined to curb her gaming and make her into a respectable wife. Judith will not give up her plan of revenge but walks a fine line between achieving her goal and losing her love. The outcome is evident early in the story, but the characters and the Regency setting are competently handled. Fans of more sensuous romances will appreciate this Loveswept offering.- Barbara E.
