Von Lucas Green : Vortex (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Vortex (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Five

StarsVon Gina LawsonIncredibly good book! I highly recommend it to anyone who likes weird, unusual and original stories. Well done Lucas Green!0 von 0 Kunden fanden die folgende Rezension hilfreich. Quite short but very good storyVon Guy HughesGreat short English-language novella, a psychological thriller where you never know what will happen next in Olive's worlds, the real world and the world only she sees!

KurzbeschreibungOlive loves her new job as a trainee air traffic controller. And her new look. And her new name. But... Olive has some problems to deal with. Like an abusive husband to outrun, the scars of a traumatic childhood, relentless revenge fantasies and unwanted visions of epic destruction. She just needs to make a success of this new life, juggling aircraft, but can she ignore the voices only she can hear and the things they are telling her to do?KurzbeschreibungOlive loves her new job as a trainee air traffic controller. And her new look. And her new name. But... Olive has some problems to deal with.
