Von Jennifer Blake : Wade (Louisiana Gentlemen) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wade (Louisiana Gentlemen):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. READY for the next!Von Detra FitchWade Benedict, fulfilling his friend's final wish that his daughter be rescued from the Arabian land where she moved with her mother. Unfortunately, despite the harsh conditions, or rather, because of them, the lady in question, does not want to be rescued, preferring to stay, fighting for freedom. Wade, however, will go to any length to get her out, though when Chloe realizes she can continue her work back home in Louisiana, and that her cruel stepbrother's plans for her marriage to gain her money will place her life into a literal hell, she agrees.The battle to get out of the country is bloody, but they manage to survive, only to find that it has followed them home, and is not a Jihad, a holy war, that pulls in the entire clan into even more fights, barely escaping with their lives.

Perhaps of equal importance are the battles of the heart Chloe and Wade face as they must decide what to do with the relationship they have found themselves suddenly to be in, each with their own issues to face before they can claim the love that awaits them, if they survive.***** In the most exciting novel of the series, WADE concludes Ms Blake's Bayou Brothers line, making me sorry I have missed all but one of the others, if they are all this fine. Readers get to catch up with characters who have surely become their friends in past books, and to meet a dynamic new couple. Heart pounding excitement never lets up, though romantic interludes amidst it all light up the pages with passion instead of gunfire. Every character is vibrantly drawn, and the storyline is one that could be ripped from current life as the Taliban and their world seem to haunt our everyday lives. Brava, Ms. Blake. Perhaps she can find another Benedict cousin hiding in the swamplands, if we are lucky.

Kurzbeschreibung Wade Benedict has a job to do: infiltrate a treacherous land and rescue Chloe Madison. It was her father's dying wish and Wade is taking it personally. The problem is, this stubborn, angry and courageous woman doesn't want to be saved. Her rage at the oppressive treatment of women has pulled Chloe into the dangerous world of an underground rebellion. She can't desert the women with whom she forged a daring alliance, and this self-appointed rescuer can't force her to abandon her friends or her commitment even though her own life is at stake. But Chloe has met her match in Wade, a man as honorable and determined as she. As they make their escape through the treacherous mountains, unspoken passion wears away at the sharp edges that guard their hearts. And when deadly danger stalks them in Turn-Coupe, Louisiana, together they must face a battle that can only be won by the indomitable will of family and of love. Pressestimmen "Blake not only delivers the kind of emotionally intense love story her fans expect, but Wade's combination of nail-biting suspense and vividly detailed setting also make it a good read-alike suggestion for fans of Suzanne Brockmann". Booklist Kurzbeschreibung Wade Benedict has a job to do: infiltrate a treacherous land and rescue Chloe Madison. It was her father's dying wish and Wade is taking it personally.
