Von Susan Mac Nicol : Waiting for Rain (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Waiting for Rain (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Waiting for RainVon -KundeWaiting for Rain is the second book from Susan MacNicol I've read and after watching the trailer with this beautiful pole dancing part created by Andre Corey I couldn't wait.And although it turns out Rain's talent to pole dance is just a supporting part of the story I was hooked from the beginning.Two strong men who had to overcome difficulties in their past but still are able to find love with someone are the main characters. There's Toby

Prentiss with his terrible past as a foster kid, followed by horrible jobs he'd been forced into before his supporter and now best friend offered him his first real chance to prove himself. And there's Rain Engel who's childhood was protected by his loving and supporting family and friends, but his last boyfriend almost managed to destroy his self confidence. His best friend Lucas saved him and eventually brought him into Toby's life. Both, Toby and Rain, are instantly attracted to each other after they first meet at the small hotel where Toby works, although they need a while to accept they are more than just buddies who hook up from time to time (okay almost every day). Despite all the serious social problems like foster care, discrimination or hate crimes brought up, this story isn't as dark or sad as it may look like. I giggled about Rain's ridiculous fear of sheep and was fascinated by the hot sex on top of a haystack to name only two special moments of this beautifully written story. I really recommend *Waiting for Rain* to everyone who enjoys reading an inspiring and heartwarming love story. I for sure loved and enjoyed it.

Kurzbeschreibung The village of Stamford, the quintessential chocolate box English scene, seemed an impossible dream for foster kid Toby Prentiss. Now he's found a home among the haystacks and village fairs as the general manager for the Duck and Drake Hotel. With the fears and demons from his youth hidden away in this bucolic oasis, he's very protective of who he lets in. Until he stumbles across shirtless carpenter Rain Engel building the hotel's new custom-designed bar. Working in the countryside, Rain prepared to face his biggest fear: sheep. He didn't expect to deal with his second biggest fear: commitment. Toby's controlled tough guy facade coupled with his find happiness where you can optimism calls to Rain like nothing before. While Rain may be an exhibitionist, his romantic history forces him to hold his emotions close. As their relationship develops, secrets from their pasts drive a wedge between them: the ex-boyfriend who tore apart Rain's trust and Toby's history with the law. But can the secrets hiding among the quirky villagers bring them together? With missing sheep, pole dancing at the winter festival, and a crippling drought, everyone is waiting for Rain.
