A Philosophical Look At LoveVon Kindle Customer49In Boyko Ovcharovs Wandering Feelings, boy meets girl, girl meets boy, and they both fall in love. A familiar tale indeed, yet this book is a far cry from that. The boys family is threatened by and resentful of his extreme education, sophistication, and intelligence. The girls self-centered,

avaricious parents are basically moochers, who deprive their daughter of her rightful inheritance. The question, then, quickly becomes can two lonely souls, fused together by their shared familial neglect, intelligence, and moral sensibilities survive? From the start, we are pulled along with these wounded souls, who, in spite of bad twists and turns, still take tremendous pleasure in each others company, showing us that true love is simply that. Intermixed throughout, are some lovely, sweet scenes, such as buying a teddy bear for his new lady-love, after he had felt his heart for the first time. And as we keep reading, Ocharovs highly philosophical and poetic, lyrical style makes us ponder about the deeper, more meaningful things in life. A lightweight summer read it is not, but something more lasting, it most certainly is. S. R. Mallery, author1 von 1 Kunden fanden die folgende Rezension hilfreich. Aspect of life Von Gisela H. Sedlmayer, author of the Talon book series Reading that story, I again and again had to stop myself thinking: that is my life I am reading about. Amazing. Aspects of life. They had everything, a home, a career path and support and most importantly, they had each other and loved each other. But their parents were extremely selfish and had not much love for their children and so made them down wherever they could. Should every one of us not look forward and do something good for others? Something that remain in time, something true. And for what it's worth, never speak negative to children and speak them down. Life is a hurricane sometimes? My life once more stood in front of me. How could that be? That couple was made down from their parents, but they found their way out. Not all do. The negativity stands always in the way what they have heard for years. Future. I liked him saying: It is the thing that always comes, no matter how long the very waiting or expectation would take. I recommend that book to everyone. It is an aspect of life. Loved it! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Love Von Haidji Wandering Feelings is a story about love, a love story with a nameless couple that makes you think about the meaning of every day life.

Kurzbeschreibung There is a certain line of destiny for each one of us, which seems as if no one and nothing could ever change. Is that really so, however? Perhaps, some people would disagree. These are the people that will always believe that it may be changed because it is like a strip of sand, which remains after the tide at the seashore and is different every time. Part of those people is this couple two young companions, who can still love and have their dreams. They are gazing at the profound essence of the worlds earthly, human time as well as the one of eternity within them, the heart one. A criss-cross of interweaving roads leads them far away but only a single one brings them back home. Quite often it turns out that it is in fact the longest, really arduous and sometimes the loneliest one. When taking a look at signs in life, we can see the recollections of anguish or short-lived happiness and bliss. Nevertheless, they will always be seeking their home or perhaps the family warmth the way they remember it, that is, their hearth. In the course of time, they will realise that it is no longer there, but has turned into an unfamiliar place of lost feelings. In 2003 he also completed his scientific (MPhil) research work in the field of ICT in view of societal and economic change at the same academic institution. Besides, he holds a Master's degree in International Economic Relations from the University of National and World Economy, Sofia, Bulgaria (1999). Regarding his professional experience, Mr. Ovcharov has been working for more than 10 years now, incl. within the Business Development Departments at some international ICT companies in Bulgaria. At present, he is a full-time lecturer in management and marketing, business and general English for students and professionals, including exams and certificates preparatory courses, such as: SAT, TOEFL, GMAT, FCE, CAE, CPE etc. Life after Life has been Boyko's first/debut book, whereas Wandering Feelings is his second one, a heartfelt novel. Yet, in the near future he envisages publishing some more and bigger titles due to the fairly good reception so far. Acknowledgements to all people who have encouraged this author!
