Great Book #3 in this standalone-Series ...Von Bianca @BJsBBFour years ago some bad decisions on both sides broke Erin and Zander apart. They've been in love all through their teenage years - the hellraising thrill-seeking son of a strict military Dad and the quiet, nerdy art-lover, who lives with her grandma because her mother is not really all that dependable.They haven't seen each other for a long time, but now Erin needs Army-Ranger Zander's help.Her mom is being held captive in Mexico and she's been told to go down there with lots of money to get her mother back. And since she knows Zander would never help her after what happened four years ago, she still wants to try to at least ask him for some info about how to go about her rescue-mission.Even though she's

holding lots of information back from him, Zander knows that Erin is horribly scared - and he wants to help. He also wants to have sex with her - just one time to get her out of his mind forever! But he can't let her walk into a dangerous situation all by herself ...WHAT WILL HAPPEN TO ERIN ZANDER???WILL THERE BE A HEA???WILL THERE BE A CLIFFHANGER???Nope . . . I'm not telling you _____WANT IT was a really sexy Romantic Suspense story!!Zander is this totally hot and capable soldier who we all fall immediately in love with And Erin is such a sweet and quiet girl - we can't help but love her too!There are lots of sexy scenes ...But the main focus is not really on the suspense part. It's more about both of them overcoming whatever they have to overcome to finally find their way to each other again - but of course they don't know that they want to find their way to each other again at first!! And that's the fun part - for us at least - to read how they fight their way through all their pain and resentment against each other...I really loved the story.But just like the last book in this series - Zander and Erin appear much older... Zander is supposed to be this big Army Ranger and the way everybody talks about him, you'd think he was at least 30 - but they're only 22... :/Didn't bother me much - but I just think Jennifer could've made them both a few years older...It doesn't feel like a New Adult thing....BUT - I still really loved the story!WANT IT was a really sexy and cute and slightly suspensy Romance - you will soooo fall in love with Zander!!! And now hurry Jennifer - I want to read RISK IT!!!

KurzbeschreibungIn the latest tantalizing Rule Breakers novel from Jennifer Chance, an irresistible alpha male follows his ex into a deadly standoff and reignites a heated affair. For Erin Connelly, being a good girl isn't such a bad thing. She's working her dream job at a Boston art gallery and staying out of trouble, which is more than she can say for her deadbeat mom. Unfortunately, her mother's latest misadventure lands her in the clutches of a Mexican drug lord. Now the only person who can save her is the one man Erin has no business asking for help: the sexy-as-sin army ranger who just so happens to be her former high school sweetheart. Zander James is no gentleman and no officer, either, thanks to Erin. Four years ago, she made a call that terminated his highest aspirations . . . and their relationship. He's never forgiven her, but when he learns that Erin's embarking on a half-baked rescue mission, he's sure as hell can't let her go alone. Now, with a treacherous enemy lying in wait, the electrifying tension between them may just be Zander's undoing. Because while he may be able to keep Erin alive, he can't promise to keep his hands off her. Praise for Want It This book has depth, passion, and hot sex scenes that will leave you breathless.
