Von Laurence Dahners : Wanted (an Ell Donsaii story #10) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wanted (an Ell Donsaii story #10) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich.
Wiederholung des ewig GleichenVon Michael RadebrechtDie Ell Donsaii Reihe geht an ihrer Selbsthnlichkeit zu Grunde. Band 10 "Wanted" bringt zwar die Geschichte voran, es sind aber schon wieder die altbekannten Szenen aus den vorangegangenen neun Bnden die mich als Leser inzwischen langweilen. Die x-te Beschreibung wie sensationell sich Ell Donsaii auf der Tanzflche bewegt zum Beispiel. Das bringt dem Leser nicht nur nichts Neues, sondern es

nervt. Denn schon beim Betreten des Clubs wei der Leser was ihn nun auf den nchsten zehn bis fnfzehn Seiten erwartet. Ein weiteres Problem ist es das Ell Donsaii mehr Lsungen als Probleme hat. Es geht alles zu glatt, hier fehlt das Kryptonite oder ein Proffessor Moriarty. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Best ever Von Helmut Henschel In this 10th installment of the Ell Donsaii series, The heroine is becoming more mature and the story ever more complex. I just can't wait so see how this will evolve further. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Comic ohne Bilder Von j.m. Huntel Die Serie um Ell Donsaii ist gut entwickel , unterhaltsam , einfache Lektre ohne groe literarische Ambitionen. Wer keinen Wert auf Weltliteratur legt ist mit dieser Science Fiction Serie gut bedient

Kurzbeschreibung "Wanted" is the tenth of a series of near future SciFi/Thrillers whose young heroine Ell Donsaii's nerve mutation makes her a genius and provides astonishing athletic abilities. In "Wanted", President Stockton continues her efforts to imprison Ell in order to protect the world from some of Ells dangerous new technology. While the President rightfully wants this technology to be restricted, she wants it to be controlled by the government. Ell doesn't want even the government to have the terrible destructive potential of a technology that can cut through absolutely any material in the world! When the FBI and CIA prove to be unable to find and capture Ell, the President instructs them to imprison Ell's friends. However, the President hasn't considered just how many technological advantages Ell would have in any effort to spring her friends from prison.
