Kurzbeschreibung Warden of Time continues the story of time travel, romance, and adventure that began with Daughter of Time ...As both modern man and medieval king, David is committed to transforming medieval England into his own version of Avalon. Not everyone supports his ideals, however, and having offended the pope by welcoming Jews and heretics into England, David is summoned to Canterbury to explain himself. But when information comes to light that reveals the accusations against him have less to do with religion than with power and wealth, David finds himself on familiar ground--and at the center of a conspiracy that stretches from Ireland to Italy. Facing excommunication, a fickle populace, and a rebellion even by his fellow time travelers, he must decide what his throne is worth, and what he's willing to sacrifice to keep it.

ber den Autor und weitere Mitwirkende With two historian parents, Sarah couldn't help but develop an interest in the past. She went on to get more than enough education herself (in anthropology) and began writing fiction when the stories in her head overflowed and demanded she let them out. While her ancestry is Welsh, she only visited Wales for the first time while in college. She has been in love with the country, language, and people ever since. She even convinced her husband to give all four of their children Welsh names. With over 300,000 books sold, Sarah is the author of 17 novels and 2 novellas, all set in medieval Wales. She is currently working on the next novel in the After Cilmeri series. She makes her home in Oregon.
