Von Karin Kallmaker : Warming Trend (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Warming Trend (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.
solidVon SandraThis is a solid novel. Karin Kallmaker has been writing for a long time, and it shows. She finds great ways to describe her characters without violating point of view or stopping the plot. I didn't really like the 'It was all just a misunderstanding' plot that separated the main characters years ago, though.

Kurzbeschreibung Anidyr Bycall is frozen in her past, regretting words never spoken to the woman she loves and the one impulsive act that cost her all her dreams. Running from the courts of public and academic opinion in Fairbanks, she has landed in Key West. The nights are hot but she is colder than the glaciers she once explored. Tending bar by night, she spends her days immersed in the research of her only remaining passion in life: the ice fields of Alaska. But trends may be improving when news from home hints that those she harmed may have moved on, and she can at least recover the papers and books she left behind. The respect and affection she once saw in Eve Cambras eyes is gone beyond recall. When a few innocent questions raise Anis doubts about what really happened three years ago, she realizes she may have a chance to clear her name and reclaim her career. But theres no data to suggest that Eve has thawed and that the fire they once shared can be rekindled. In this romantic story of the icy north, Karin Kallmaker explores the passion that can melt even a frozen heart.
