Von Holly Lisle : Warpaint (A Cadence Drake Novel Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Warpaint (A Cadence Drake Novel Book 2) (English Edition):

ich gespannt den lange angekündigten Nachfolger um Cady und die vampirähnlichen Legenden gekauft. Leider - wirklich leider - kann ich diesem Buch keine so gute Kritik geben. Nach dem neugierig machenden ersten Kapitel wird die Handlung langweilig. Im Grunde genommen geht es darum, da Cady und ein paar Verbündete die sich rapide vermehrenden Legenden in einem Feldzug vernichten wollen. Leider passiert aber fast gar nichts, es gibt unendlich lange logische Überlegungen, die so klingen, als wolle die Autorin ihren eigenen Plot rechtfertigen. Im ersten Band gab es noch massig Überraschungen und gut gezeichnete Charaktere, aber hier interessiert schon nach kurzer Zeit nur noch das Ende. Schade, denn eigentlich bin ich ein großer Holly Lisle-Fan und ich bedaure es sehr, diese negative Rezension abgeben zu müssen. Nichts desto trotz drei Sterne, denn man merkt immer noch, da sie eine sehr erfahrene Autorin ist. Ich empfehle an dieser Stelle uneingeschränkt ihre Secret Text-Trilogie und, wie gesagt, den ersten Band "Corrigan's Blood". 0 von 0 Kunden fanden die folgende Rezension hilfreich. nicht ganz so gut wie der erste Teil, aber... Von Katharina Gerlach (Indie Autorin)... ebenfalls flott erzählt. Wäre die Rückblende am Anfang nicht gewesen, hätte mir das Buch sicher noch besser gefallen. So erwartete ich ständig ein gewisses Maß an Action, die aber erst später kam. Lisle nimmt sich hier mehr Zeit, ihre Hauptfigur zu entwickeln, was Cadence sicher gut tut, aber eben für den/die LeserIn zum Nügelkauen führt. Immerhin wollen wir wissen, wie Cadence den zahllosen, ausgehungerten xxxn (spoiler) entkommt, die an ihrer Windschutzscheibe kleben. Trotzdem ein empfehlenswertes Buch. 0 von 0 Kunden fanden die folgende Rezension hilfreich. After Corrigan's Blood - a must Von Heimo Huspek I do not like science fiction at all. But I have read a couple of Holly Lisle's Clinics. After that I was interested in how she would write a novel. So I tried Corrigan's Blood, since I liked the name of the heroine, Cadence Drake. Well, here I am now, having read the second Cadence Drake novel (almost finished). And looking forward to the next one.

Kurzbeschreibung No place to run, no place to hide... The job sounded simple enough; locate a space miner's missing wives. Quick. Easy. Painless. As a professional finder of lost things, Cadence Drake has learned in the hardest way imaginable that there's no such thing as a quick or easy job. For the past year, pain has been her constant companion, and death her only refuge. When she falls into the middle of a horror that portends the end of trillions of human lives, and everything that human beings have created throughout settled space, she seeks the last people who know that she's still alive, looking for a way to fight the unthinkable evil she's discovered. Now she and four special ex-slaves face off against the end of all worlds, giving themselves to the thing they most fear in order to save what they most love. They're outnumbered billions-to-five, and they might already be too late. Darkout is coming. And Cady's coming with it... ABOUT THIS BOOK About this Book WARPAINT is Holly Lisle's 33rd novel. It's also a story told in several mediums. The back of the book includes links you can easily type into any browser to download both free original songs written and performed by the author, and free MINECRAFT(TM) maps of spaceships in the world, as well as one space station. A third, WISHBONE, is next on her schedule after she completes the third YA fantasy, THE EMERALD SUN, in the Moon Sun series. (Books One and Two were THE RUBY KEY and THE SILVER DOOR. This book is NOT a YA novel.
