books when she does her series... But, not to confuse you if you don't read them in order. Mmmm like Enchanted Series... In all her series she does this. This gives you a chance to connect with the characters. I want Luke Mariahs' cousins to be introduced. Also, if you read Reckless Love you will meet their ancestors. Like Case. I don't think anyone does a great job like Ms Lowell does in a series writing. She draws you in. I am waiting for Utahs' story as well as the elusive cousins(female).1 von 1 Kunden fanden die folgende Rezension hilfreich. Spell binding as only a romantic fairy tale can be!Von Ein KundeI've had this book for a few years and every once in a while I pull it out and re-read it. Yes, it's just that good. Mrs. Lowell is the mistress of emotional writing. As you read this novel you actually feel the pain, love, and fear of Nevada and his fairy-tale girl, Eden. To experience a love like this hero and heroine would be the ultimate and I guarantee this sizzler will blow you away. I think this is the best written book Mrs. Lowell has ever done in such short space. Another good book of hers is Tell Me No Lies. Every time I read it I pick up something new.1 von 1 Kunden fanden die folgende Rezension hilfreich. Great series,great men, more more more Elizabeth Lowell!!Von Ein KundeI read this book years ago along with all of those in the series about these Mackenzie and Blackthorn men and was captivated. Too bad there are no men like this in real life. I agree with the reader who wanted to read about Utah Blackthorn. I have waited for years to no avail. We want Utah! We want Utah! He just HAS to be hotter than hot; his brothers certainly were. I certainly read everything Elizabeth writes in hopes that Utah will show up!!

KurzbeschreibungAn Elizabeth Lowell Classic. First time in eBook. Eden Summers had been raised in Alaskas outback, and now spends her life studying the American cougar. But shes never known anything quite as wild as Nevada Blackthorn. Nevada has spent too many years in too many war zones. He no longer believes in anything except his family. Then he meets Eden. He fights their mutual attraction as savagely as a wolf in a trap. She knows there is no guarantee that her love will be returned, yet still she loves.KurzbeschreibungAn Elizabeth Lowell Classic.
