**Von Lindsay Buroker : Warrior Mage: Chains of Honor, Book 1 (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Warrior Mage: Chains of Honor, Book 1 (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Very much in keeping with the AuthorVon Andy W CouchI am quite a fan of Buroker's work, and Warrior Mage did not disappoint. It is set in the same world as her Emperor's Edge series some amount of time after Republic. This time in the continent of Nuria. Character-wise it is a direct follow on to the Blood and Salt novella set. The mine is attacked

and Yanko sets off to figure out why. Much of the mystery started in the novella's is built upon here. Dak comes back as well. Yanko has his quest and builds his rag tag team in this book. Very fun stuff. Like most of Buroker's books, action scenes are everpresent and characters are witty. It is a fun read and I look forward to more. I mention above how it is set in the world of EE. The Blood and Salt novella's are a good read to introduce the characters. Warrior Mage fits into the wider world as well. The stories of Encrypted and especially Decrypted add to the lore of the islands that Yanko doesn't know, but is interesting as a reader. Even still, Warrior Mage stands on its own as a good read. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Schwachstes Buch von Lindsay, leider Von Customer In dem Buch kommt leider nicht die gewohnte Action auf die man von den sonstigen Bchern der Autorin kennt. Die unzähligen Wiederholungen das der "Held" die Sprachen nicht spricht sollte nach dem 2. mal klar sein. ich finde dieses Setting auch sehr nglcklich und darunter leider auch die Dynamik des Buches, Generell begeistern mich auch die Figuren nicht, da auch die Interaktion zwischen den Charakteren nie interessant, tiefgrndig oder lustig wird. Hoffe auf eine Fortsetzung von EE oder DB, auch FG war deutlich besser 1 von 1 Kunden fanden die folgende Rezension hilfreich. I liked the protagonist Von Avid Reader After the previous series and the Salt stories now finally we get a full-length story about this likeable young hero-in-training, and meet some old acquaintances in different disguise. I am looking forward to the next volume about his adventures.

Kurzbeschreibung His mother was one of the most powerful wizards in the Nurian Empire until she abandoned her people to become a notorious pirate. That choice doomed the family she left behind to a life of disgrace. Yanko White Fox doesn't remember his mother, but as the only gifted child in the family, he is expected to erase the mark she left on them all. With an affinity for earth magic and communicating with animals, he's not the most natural candidate to become a warrior mage, but it's the only sure route back into the Great Chief's good graces. He has resigned himself to training for that destiny, whether it matches his passions or not. Long before he's ready for his first battle, insurrection comes to his distant corner of the empire. Rebels take over the salt mine his family manages and slay the only relative who ever supported Yanko. On the heels of the tragedy, a courier brings a message from the Great Chief's son. Whether he is prepared or not, Yanko must undertake a quest, one that could save millions of lives or fail utterly, leaving him dead, his family forgotten, and his people the victims of starvation and endless war.
