main characters has suffered tremendously in the past at the hands of their ex Von Al-Khemet Book Club Amy Spector has given us all a wonderful, lustful, breathtaking tale in Jacob and Elijah's story. Watching Elijah fall, a quick short read that is bound to leave you on edge is also a story about love and lost. Both main characters has suffered tremendously in the past at the hands of their ex, and somehow pulled away from life and happy things, but when meeting, sparks fly and so does a rekindled desire for living and loving again, but will they be brave enough to let go of the past and love again? This is a must read. Al-Khemet Book Club JUL 2015 0 Kunden fanden die folgende Rezension hilfreich. Mediocre Von Querleser Nice love story, but I skipped most parts because the descriptions about photography, developing etc. were too detailed. Less informations about photography and more dialogues would have been nice, but it is an okay read and a sweet romance, where the guys actually date before they start their HEA.

Kurzbeschreibung A simple story about moving past the terrible things that life throws at you and finding happiness on the other side. Months after his breakup with a long-term boyfriend, Jacob Pierce is still more than a little fragile, he has withdrawn from life, his friends are concerned and even he knows that something needs to change. With the encouragement of his friends and a nudge from the newest member of Jacob's small circle, he agrees to sign up for a film based photography class. Elijah Fall, a widowed photography teacher, is exactly the man to bring Jacob back to life. But, while Jacob may have found the man of his dreams, will Elijah, someone who has lost everything once, be willing to risk his heart again?
