My Score: Book 10 Stars

What a fast pace series, with different twists and turns, Lisa Lace has done a phenomenal job writing, her word which flow keeps you so enthralled your unable to put the book down you have to finish all the way to the end it doesn't matter what you have to do you just have to finish. In this senario of a bad boy who feels like he's not good enough to be with her, is strange at first because he was in book one. He acted like a trashy rich playboy. The TerraMates have Samantha Morrow aka: Sam getting married to Jori on the Planet Vandwan which was probably 90% water, the language and signs were all in Vandwa. And there main food was seafood which was very hard for earthlings to eat. Jori had to go to jail for a year he was so deep undercover, I government operative investigating a child trafficking organization. I just couldn't let her know I was, absolutely no one can know who I am. I couldn't make her part of my life, if I did they could use her to get to me. I was gifted this ARC for an honest and truthful review.

Kurzbeschreibung
He needed a wife. I wanted an alien lover.
The first time I saw Jori, I hated everything about him. He didn't care about anything except himself. On the other hand, his body was spectacular, and his muscles were firm. I couldn't stop thinking about him.
When TerraMates gave me the chance to marry Jori, I took it. I knew I needed the money. What I didn't know was that Jori's exterior was a facade, and he had kept secrets from everyone his entire life.
