Von V.C. Andrews : Web of Dreams (Casteel) before purchasing it in order to gage whether or not it would be worth my time, and all praised Web of Dreams (Casteel):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. BEST BOOK EVER!Von MeganI'm a 15-year-old writer and I consider V.C. Andrews to be my idol and inspiration to write books. This is one of the best books I've read in the past month, along with Heaven and Dark Angel. I have not gotten to Fallen Hearts and Gates of Paradise...yet, but plan to within the next month or so. By the way, I think that those people ripping on her about writing about rape, incest, and everything else, should STOP! She's a great writer and if you hate her books so much, then don't read them. Why don't you go and read some baby books that don't deal with the reality you all can not seem to take. It happens and someone needs to write it, don't they? In fact, I sometimes pepper my novels with things like that, and I am fifteen years old! V.C. Andrews is the goddess of reality novels and should be praised for her realistic novels that explain the real world, not fantasy worlds that people are too wrapped up in and that don't let people grow to understand that certain things do happen. Have fun reading this wonderful book if you ever get your hands on it. The time you'll spend on reading 'Web of Dreams' is the perfect way to escape into reality. My favorite characters were Leigh and Troy and I thought that Tony should have gotten punished!0 von 0 Kunden fanden die folgende Rezension hilfreich. SAME GLOOMY STORY OVER AND OVERVon Ein KundeAlthough I think that there is some talent involved in the writings of V.C. Andrews' series, I find it is not used to the best means and this is unfortunate. The books have a certain writing style that is engaging, but, the plots are spoiled by repetition, for one. The story lines are pretty much always the same, with few real variations and the characters are, as well. This gets to be quite tiresome. I usually know what to expect from the parents and can guess what the "big, dark secrets" are. It seems to me, that if you've read one, you've read them all. My biggest criticism of Web of Dreams and other V.C. Andrews' books is the obsession with incest. Why is every book about incestuous relationships. I find this to be disturbing and cannot quite understand why more people are not put off by this. In Web of Dreams, this is very blatant and it is disgusting. Also, there is usually no redemption for the characters who have been subjected to this abuse. The situation is never corrected and the perpetrators are not held responsible and accountable for their actions. I found the book "Melody" to be a bit easier to take, but, still full of confusion, unhappiness, and again, more incest type relationships. I would love for the writer/s of the V.C. Andrews books to drop the incest theme and give their characters more redeeming qualities and lives. Good triumphing over the evil, not just passing it on from generation to generation. I hope they take the challenge. In the meantime, I've got healthier things to input into my mind and these books are definitely dark and leave a spirit of gloom. I am not interested in feeling gloomy. For those of you who think the way I do, you'll want to pass. That these books are so popular, really makes me wonder about our society. Finally, I feel: input darkness, output darkness; input light, output light.0 von 0 Kunden fanden die folgende Rezension hilfreich. The best book V.C. Andrews has ever written!Von Ein KundeWeb of Dreams Explores the life of Leah (Angel) Tatterton, and her family from well to do, to rich beyond belief. It goes very in depth with why Leah eventually runs off to the Willies. One interesting note: In the book Leah discovers that the man (Cleave Van Voreen) she believed to be her father is not her true father at all, that Jillian apparently got pregnant by a man named Charles Godwin (or was it Goodman?). Any way later in the book this same man works for Cleave Van Voreen, and calls Leah to inform her that her "Father" will be unable to see her. Does Leah actually talk to her real father, and not know it, or was this just a slight of hand by V.C. Andrews?I like to think that this was put into the book by V.C. Andrews just to see how many of her readers would catch it! Web of Dreams is by far the best book I have ever read, and I have read thousands of books!What I like best about the prequel is that it has absolutely NO discrepancies with the remaining books in the series, unlike other series written by V.C. Andrews.

KurzbeschreibungWith nowhere to go, no one to help her, Leigh fled into the arms of Luke Casteel! Leigh Van Voreen had to escape from Boston's Farthingale Manor. The foul secret she harbored within her seemed to darken her life forever. Jillian, her mother, would not believe her...and Tony Tatterton, her stepfather, had betrayed her most cruelly. But the pure devotion of Luke Casteel promised her hope and respect. Only Luke knew her deepest of secrets...only Luke would love and protect her. Bravely she bore the suspicions of the Willies' hillfolk, as she tried to grasp the happiness that had so long eluded her. Leigh prayed with all her heart that her bright, shining dreams would save her from tragedy at last...PressestimmenPraise for Virginia Andrews: `Beautifully written, macabre and thoroughly nasty... it is evocative of the nasty fairy tales like Little Red Riding Hood and The Babes in the Wood, with a bit of Victorian Gothic thrown in. ... What does shine through is her ability to see the world through a child's eyes' Daily Express `Makes horror irresistible' Glasgow Sunday Mail `A gruesome saga... the storyline is compelling, many millions have no wish to put this down' Ms London `There is strength in her books - the bizarre plots matched with the pathos of the entrapped' The TimesKurzbeschreibungWith nowhere to go, no one to help her, Leigh fled into the arms of Luke Casteel!
