Von Carmen Jenner : Welcome to Sugartown (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Welcome to Sugartown (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Not the book for meVon Jen RWelcome to Sugartown was not my favorite read. It was meh in the beginning and turned into an annoying read by the end. It just was not for me.**Some spoilers ahead**Ana is tired of her life in Sugartown. She dreams of getting out one day. She has a horrible ex who spread false gossip about her (that she is easy and gives it up for everyone), a dad who somehow believes that, a step-mother she hates (who is not much older than her) and a bff

who is only there for comedic relief. As I have said before in other "comedy" reviews that is a hard one for me. Usually it is not my sense of humor and that was the case with the first half of this book. It just...can the bff not have an actual personality? Can she not be a character instead of just there to make jokes? I didn't like that much. Then we have Elijah who just moved to town and is working with Ana's dad. They have some "fun" conversations, back and forth, and it was just meh for me. I mean I didn't actually see the connection between the two of them. It was just an instant he/she is soooo hot!! I want to get with them!! and that was the basis of their so called relationship. It was just...meh. So Elijah has a bad past. He has secrets that he can't share with Ana, and Ana doesn't want to let him in. She is a bit afraid of getting hurt like she did with her horrible ex. So it takes a little bit, but she starts to cave. Then Elijah's past catches up to him and there are some bad things that happen and then Ana got super annoying to me. After bad things happened she was just like I cannot be with Elijah!! He LIED to me!!! How could he?!?! So she refused to see him. It was just...she would be all mopey, poor me, yet he never really lied and what about the bad stuff that happened? Why are you not upset because of that? It was just odd as she should have been more concerned about what actually happened as I could understand her not wanting to be with him because of that. So she was just kind of super annoying for the rest of the story. Oh and there is a really not cool scene where Elijah basically rapes Ana. No means no, but he doesn't stop when she asks him to. And afterwards when she says she didn't want it he tells her something like I would have stopped if I thought you meant it. Our hero...not cool. Not cool at all. So this is like in the middle of the story so at this point I am not a fan of either of them. And it just kept getting worse. Ana decides that it will be a super great idea to go drinking and hang out with her dirtbag ex. I mean why wouldn't you? He sounds super! And super bad stuff happens, and Elijah avenges her in a really not cool way, he does get locked up, but Ana is all I want to be with him, but I can't, but he is so hot, but I can't, but can I? Oh poor me. Poor poor me. Ugh. Not cool. Not good at all. Of course we get our happily ever after and by that point I was kind of like whatever. Maybe you two should be together - then no one else has to be. See not my book. This review was originally posted to Jen in Bookend1 von 1 Kunden fanden die folgende Rezension hilfreich. Can I move to Sugartown? Von LittleDarlingHoly mother of all debuts...this book was absolutely fantastic. It hooked me from the first page and kept me awake until 2 a.m. in order to finish it. At the beginning the book was funny, light, charming, sweet and out-right hilarious. I was laughing tears while reading about Sugartown and the people who call this town their home. Not only Ana and Holly cracked me up. So did Cade and of course Sammy. This little guy with his adorable lisp made my heart melt and had me wrapped around his tiny finger. Then the book turned into funny, charming and hot as hell when things between Ana and Cade progressed from mere conversations to more of a body talk. And by hot I mean melting your panties off hot. Yeah, that is Cade for you. And then out of nowhere it turned suspenseful and dramatic and had me cling to the edge of my poor sofa that is now forever marked by my fingernails. Not letting me come up for air, it then lured me even into more tragic and sad territory where I was simultaneously clenching my fists and crying like a baby. What an emotional roller-coaster!! There was not a dull moment in the story and the characters were superb. Ava, the girl who feels trapped in Sugartown suddenly finds life there more interesting when Cade comes into town to work for her father. She is a sweet and fun girl that puts others first - basically raising her younger brother Sammy. She is never shy of a snarky remark and doesn't let people walk over her. And that is what impressed me the most. No matter how in love with Cade she was, she didn't let him charm her into forgiveness when he screwed up in a monumental way. She stood up for herself and more often than not chose to think with her head and not her vagina. Quite the refreshing female NA character. Cade on the other hand - well, one could call them the vagina whisperer. But besides being a champion in the sack, he is also hotter than lava and incredibly charming and funny. No wonder Ana falls for him and falls hard. But he has secrets that could potentially not only ruin his life but Ana's as well. And as if that weren't enough, he makes a major mistake which made me go for swooning for him, to wanting to rip his balls off and make earrings out of them. But I only managed to keep up the hate for him for a bit and then he goes and does all those things to redeem himself. Yes, he does mistakes but he does not hide them. He admits it and works hard at making it up to Ana. So yes, despite his temporary trip into douche territory, he is one swoon-worthy book boyfriend. The other characters add so much charm to the story and they won over my heart quickly. "Welcome To Sugartown" was a fabulous, engrossing read that made me wish I could stay in Sugartown and make myself at home there. 5 hilarious, engrossing, gasp-inducing chicks. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Absolutely Brilliant! Von Tea P What can I say about this book? Wow! It just blew me away. Couldn't put it down. Amazing read. Very well written. Beautifully developed characters. Adorable heroine, gorgeous hero. Great plot. There was a good portion of humor, but also a lot of heartbreak. And steaming hot encounters between innocent Ana and bad boy Elijah. Nevertheless, there was also brutality and violence. So, if you are easily offended by murder and/or violence against women, this book isn't for you. But if you have a heart for bikers, Elijah Cade will be it for you and you will definitely love this book!

Kurzbeschreibung Ana Belle never wanted anything more than to hang up her apron, jump on her Vespa and ride off into the sunset, leaving Sugartown in the dust. Elijah Cade never wanted anything more than a hot meal, a side of hot

arse and a soft place to lay his head at night where he could forget about his past. But you know what they say about wanting: you always want what you can't have. Nineteen year-old virgin Ana is about to discover that's not quite true because a six foot three, hotter than hell, tattooed, Aussie sex god just rode into town. He's had a taste of her pie and he wants more, really, Ana bakes pies for a living, get your mind out of the gutter. She'd be willing to hand over everything tied up in a big red bow, there's just one problem; Elijah has secrets dirtier than last week's underwear. Secrets that won't just break Ana's heart, but put her life at risk, too. When those secrets come to light, their relationship is pushed to breaking point. Add to that a psychotic nympho best friend, an overbearing father, a cuter than humanly possible kid brother, a wanton womanizing cousin, the ex from hell, and more pies than you could poke a ... err ... stick ... at. And you thought small towns were boring. Welcome to Sugartown. *Content Warning. Intended for a mature 18+ audience. Contains explicit sex, oodles of profanity and a crap-tonne of

AWKWARD. ber den Autor und weitere Mitwirkende Carmen Jenner is a thirty-something author, doctor, pilot and CIA agent. She's also a compulsive, flagrant prevaricator who gets to make things up for a living. While Sugartown may not technically exist, Carmen grew up in a small Australian town just like it, and just like her characters, she always longed for something more. They didn't have an Elijah Cade, though. If they did, you can be sure she would have never left. Her debut novel, Welcome to Sugartown, released November 3, 2013.
