**Von Fiona Walker : Well Groomed (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Well Groomed (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Better than its predecessor!Von BienchenThis book starts where "French Relations" ended: Tash and Niall are together,

hopeless as ever they are struggling with their lives. They bought a house near the farm where Tash is working with her horses. The book starts with Tash's Family visiting for a Christmas dinner and everything is chaotic as ever. The turkey Tash and Niall bought is frozen due to the very low temperatures in their home, both don't really want to get dressed and still have a huge hangover from the party last night. When Tash's grandmother mistakes a Christmas cracker engagement ring for the genuine article she starts the rumour that Tash and Niall are going to get married. And when they are confronted with the idea, they decide to get along with it. That's how it all starts. At the beginning they are pretty happy and excited about getting married. But when the first enthusiasm is abating they realise that maybe the whole idea wasn't that ingenious at all. Niall is more often away for shooting a movie and Tash is too busy working with her very willstrong chestnut Snob to notice that they are slowly drifting more and more apart. But what to do about it with two people who are hoplessly obsessed with pleasing everybody around them. And there is Hugo, Tash's crush of so many adolescent years, before she met Niall. But why, if she was so happy with Niall, does she still feel the old prickle coming up every time she's near him? And why is he behaving so strange towards her? And why is Niall acting so strangely? That's what you have to find out..I liked this book much more than French Relations, maybe because you know the characters already, know the stories behind them, there are not too many new characters involved so you can concentrate on the gist. Also Tash has slightly grown up but she still manages to drop a clanger at every possible time and place...She's just lovable!0 von 0 Kunden fanden die folgende Rezension hilfreich. Great, long readVon Anabel HabermehlThis is the first book I've read by Fiona Walker, and although it does seem to bang on in the beginning, it picks up half way through and turns out to be brilliant.It deals with great characters, interesting and complicated relationships and best of all, it's a very long book so you definitely get satisfied.1 von 3 Kunden fanden die folgende Rezension hilfreich. Great book - very funny and exitingVon Ein Kunde"Well Groomed" is the second book from Fiona Walker I've read. It's again a very interesting story, even if you can foresee the ending. The author has a good style of writing and the reader will become curious how the story is going on. I'm going to read now all books of Fiona Walker because I like her way of story telling.

KurzbeschreibungWhen Tash French's potty grandmother mistakes a Christmas cracker engagement ring for the genuine article, a wedding of astronomical proportions is planned. Swept away by everyone's enthusiasm, Tash and her partner Niall can do little but laugh and go along with it. After all, they had meant to marry all along, hadn't they?As the wedding plans escalate, however, Tash starts to have doubts. Niall, a rising acting star, is always working away from home, forgetting important dates and falling in love with his leading ladies, and her own eyes keep wandering to a roguish fellow event rider. Even if the best man wins, Tash looks likely to give away more than her hand in marriage - she may lose her head and her heart as well . . .PressestimmenWalker's style is up-beat and wisecracking, whatever the emotional weather (The Express on Sunday)Hate to love via a one-night stand, misunderstandings and a barrel load of one-liners. You'll love every minute of this book (Company)Fiona Walker does it again with her latest serving of whimsical banter and feisty characters. ... Fast, furious and fruity (19)A good choice for a light and frothy summer beach read (Miss London)Veritable romps through the light hearted side of life. (GQ Magazine)WerbetextA re-issue of Fiona Walker's hilarious tale of love, marriage and mayhem with a stunning new jacket look.
