next one, really thrilling. It is a very detailed description of the characters by their actions and feelings they express. One can see the development each one takes by their experiences. Maybe there is a lot of learning in being more patient with each other and to let go. This makes it all exciting.0 von 0 Kunden fanden die folgende Rezension hilfreich. Romance with a twistVon Laura SchwarzI am a slow reader usually, but the story of Ruth really touched me, I read it through in one night. Good read for everyone who likes to read western romance and have a good, not too long either.

KurzbeschreibungThe only way out of an arranged marriage was for Ruth to pack up her life and move across the country. That fateful decision lands Ruth face-to-face with a handsome, yet reserved small town doctor, Dr. Miles Owens. When she lands in Whisper Springs, Ruth is surprised to discover that the new doctor in town is the handsome gentleman, she met while traveling, but something has changed. Miles is distant and different. Ruth is so disturbed by his sudden behavior change that she quickly storms out of his office, hoping to never see his face again. But a chance encounter with a sickly girl will change everything. Miles has a softer, gentler side. As surprising as that is to Ruth, there are more secrets to be revealed. What comes next will leave Ruth's head spinning and very serious decisions will need to be made.Are Miles and Ruth strong enough to fight for their new found love or will Ruth be dragged back to the very life she sought desperately to escape?KurzbeschreibungThe only way out of an arranged marriage was for Ruth to pack up her life and move across the country.
