Elle Wie er auch immer hieVon MinelliIch dachte das komplette Buch lang, dass der Titel nicht passt bis mir dann auf den letzten paar Seiten aufgegangen ist, dass es um die Sprinkleranlage geht...Also an dieses Buch bin ich mit vllig falschen Vorstellungen gegangen. Ich hatte eine Aneinanderreihung von S**Szenen erwartet und bekommen habe ich

eine ganz nette Liebesgeschichte. Am besten hat mir gefallen das Mundwerk der Protagonistin gefallen. Es waren wirklich gute und lustige Szenen dabei, aber wenn man mal kurz über die ganze Story nachdenkt, sind es im Endeffekt nicht mehr als drei Sterne. Lieblingssatz: Am I in a Tim Burton movie?

Kurzbeschreibung Hi Everyone! My name is Paul and I'm a recovering sex addict... Paul McNeill loves sex. Any kind of sex. You name it; he loves it. But Paul's biggest passion is his greatest flaw. As a recovering sex addict, he's been abstaining and managing his addiction for over two years. Now, all he wants is to fall in love and find that certain someone he can settle down with. But when he finds himself on his knees on Elle Jacoby's damp lawn, he knows there's going to be trouble. Elle quickly becomes Paul's biggest challenge yet. She's instantly set him ablaze while he begs to be hosed down. As he gets to know her more, the flames burn even hotter. How can he resist a hot divorcee who's amped up to have all the fun she's missed? Stand-alone story-no cliffhangers. A sexy romantic comedy with heart for mature audiences only.
