Von Sandra Hill : Wet Wild (Viking II series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wet Wild (Viking II series):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Vikings Navy Seals: unlikely combination...Von Ein KundeBut it works!!At first I was a bit sceptic when I read the synopsis

of this book: a timetravelling viking trains to become a Navy Seal - isn't that too far-fetched?I decided to buy the book anyhow because I enjoy SEAL romances and had liked some Hill's previous books (though this was my first from the Viking series).What can I say, I laughed my head off at some scenes! If you don't take this book too seriously you'll have a lot of fun with this displaced Viking who wants to be a SEAL!!!Here's the synopsis from the back cover:What do you get when you cross a Viking with a Navy SEAL? A warrior with the fierce instincts of the past and the rigorous training of America's most elite fighting corps? A totally buff hero-in-the-making who hasn't had a woman in roughly a thousand years? A wise guy with a time-warped sense of humor chanting grody jody calls? A dyed-in-the-wool romantic with a hopeless crush on his hands-off superior officer? Hoo-yah! Whatever you get, women everywhere can't wait to meet him, and his story is guaranteed to be . . . WET WILD

KurzbeschreibungWhat do you get when you cross a Viking with a Navy SEAL?A warrior with fierce instincts of the past and the rigorous training of Americas most elite fighting corps . . .A totally buff hero-in-the-making who hasnt had a woman in roughly a thousand years . . .A wise guy with a time-warped sense of humor drilling with the boys . . .A dyed-in-the-wool romantic with a hopeless crush on his seriously hot, hands-off superior officer . . .You get every womans dream-man come true! And even though his adjustment to the modern rules of love may be a bit . . . rough, the outcome will most definitely be . . . Wet WildFrom Publishers WeeklyHeavy on sexual shenanigans but light on substance, Hill's newest Viking time-travel romance (after A Tale of Two Vikings) holds a few chuckles but is more often a cause for serious eye rolling. Like an oversize puppy, Viking Ragnor Magnusson is so good-looking and dopey that it's hard not to smile at his swaggering arrogance and lustful ways, even when he exhibits a startling lack of intelligence upon being yanked out of the 11th century and landing in a 21st-century Navy SEALs training camp. Ragnor takes the change in stride and proceeds with the SEALs training, though his surroundings are shockingly unfamiliar and everyone thinks his name is Max. Even beautiful navy doctor Alison MacLean (whom he mistakes for a "dock-whore") calls him Max. Unfazed, Ragnor launches a campaign to get Alison into his "bed furs" and helps guard her against a stalker who may have terrorist ties. The presence of the stalker/terrorist plot thread in a screwball comedy such as this is jarring, and the subplot lacks suspense. Many of Hill's attempts at humor also fall flat (for an example, one need look no further than the inane subheads littered throughout: "She who hesitates is laid... uh, lost... uh, same thing..."). This book brings new meaning to the word "lightweight," but those who relish sex scenes involving sugary condiments may find some enjoyment. Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.From BooklistIn her latest Viking romance, Hill portrays Ragnor Magnusson, who is profoundly bored with his life, and bereft, believing that his parents and many brothers and sisters were lost years ago in a shipwreck. Deciding that the only way out of his slump is to go a'Viking, which would include battles, invasions, and lots of blood, Ragnor leaves his village. During a particularly gruesome attack, he has a vision of his half brother, Torolf, and a red-haired goddess surrounded in light and beckoning to him. Much to his surprise, he then finds himself in a SEAL training camp, where everyone thinks he is Torolf, and where the red-haired goddess turns out to be Lieutenant Alison MacLean, a navy doctor who doesn't know what to make of him. To complicate things further, the SEAL's quick-tempered instructor is Alison's brother, and he doesn't approve of any contact between Ragnor and his sister. Whether Ragnor is mangling the language, driving his frustrated SEAL trainer crazy, or persistently wooing a superior officer, this stubborn Viking is an excellent addition to Hill's wonderful cast of naughty, nervy, time-traveling Norsemen.
