Von T.T. Kove : What Family Is For (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised What Family Is For (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice but overly clich-ridden short storyVon QuerleserNice but overly clich-ridden short story of a man who has to go home for

his father's funeral. The characters are all shallow and cliché, but it is a short story, so it is okay. And the "Family doesn't only mean related by blood" theme is nice.

Kurzbeschreibung Tim is accompanying Connor back to meet his family and attend his father's funeral. Connor's family doesn't like the fact that Connor is gay, and they're less than welcoming. Sometimes, though, real family isn't what you're born into - but what you choose. Kurzbeschreibung Tim is accompanying Connor back to meet his family and attend his father's funeral.
