is a gem. Von Detra Fitch Young Camille had wed a man who was substantially older than her, and they had spent eight comfortable years together. Now Camille is a very wealthy widow and is looking to remarry. This year for Christmas, Camille wants a wedding proposal from Prince Nikolai Pruzinsky, of the ruling family of the Kingdom of Greater Avalonia. She does not love the man, but fully expects to fall in love with him after they are married. Since Nikolai has been reading novels by Mr. Charles Dickens, he mentions wanting to experience a traditional English Christmas. Camille decides to grant his wish. Of course, her family has never been what one might call proper, but by a very good stroke of luck everyone is out of the country for Christmas this year. Camille hires a troupe of actors to play the parts of her family, as well as all the other servants. What could possibly go wrong with such a brilliant plan? Young Grayson Elliott did not confess his feelings of love to Camille until the day before she was to marry. From the kiss they shared that day, Gray could tell that she returned his feelings. Yet he had been too late. He spent the next eleven years on business travels and amassing his fortune. But this year Gray is spending Christmas with his family. Gray tells himself that he is over his feelings for Camille and that seeing her around the area would not be difficult. He should have known better. Camille has always had some sort of impulsive adventure going on; however, this time her scheme borders on outrageous! Be that as it may, Gray never ignores an opportunity when it presents itself. So when Camille introduces him to Nikolai, Gray insinuates himself into her household by announcing that he has come to spend Christmas with Cousin Camille. Let the games begin! **** FOUR STARS! I have long enjoyed stories by Victoria Alexander. She always cooks up a wild, romantic plot and spices it up with several tablespoons of wicked humor. This time the author has created a farce to end all farces. The story begins shortly before December Twenty-First and concludes on Christmas Day. Though this time frame is only five days, mad mayhem runs rampant in each one. Not only are the hired troupe filled with poor actors, but Gray is simply delighted to add more chaos into the mix. (I refuse to reveal what he does. Hilarious!) If anything could go horribly wrong for Camille, it does. But for the reader, that is a good thing. I am proud to highly recommend this jewel for your Regency/Romance Christmas list this year. **** Reviewed by Detra Fitch of Huntress Reviews. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Sehr amant! Von chiroptera Eine erfrischende und lustige Regency-Comedy. Ich kann mir das als tollen Film la "Love actually" vorstellen, so zur Weihnachtszeit... 0 von 0 Kunden fanden die folgende Rezension hilfreich. So sehr gelacht =) Von Christina Frster Ich gebe zu, mitunter tendiert der Humor in dem Buch in Richtung Slapstick, aber alles in allem ist es wirklich sehr amant geschrieben und die Konversationen sind herrlich. Toller, winterlicher Lesegenuss =)

Kurzbeschreibung You are cordially invited to Christmas at Millworth Manor. . . Camille, Lady Lydingham, requests the pleasure of your company at a festive house party, as she endeavors to coax a marriage proposal from Prince Nikolai Pruzinsky of Greater Avalonia. The hostess's relatives will be in attendance--in this case, a troupe of actors hired to impersonate a proper English family in order to fool the Prince. Gate-crashing, distractingly handsome first loves like Grayson Elliott are most unwelcome. Games will be played. Motives will be revealed. Mayhem may ensue. And hearts will be won--and lost--in the most romantic, magical season of all. Please RSVP "Cleverly conceived and flawlessly executed: the perfect holiday treat." The Chicago Tribune "Alexander's divine Victorian Christmas confection provides an abundance of wit and warmth." --Publishers Weekly (starred review) Kurzbeschreibung You are cordially invited to Christmas at Millworth Manor. . . She turned to writing full time and has never looked back. Victoria grew up traveling the country as an Air Force brat and is now settled in a very old house in Omaha, Nebraska, with her husband, two allegedly grown children and two bearded collies. She firmly believes housework is a four-letter word, there are no calories in anything eaten standing up, procrastination is an art form, and it s never too soon to panic.
