KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. short story with loveable charactersVon SunneI'm torn with this little story. I liked the guys and I liked how Jacob cared for

Elijah. I found the back ground intriguing and wanted to learn more about Jacob's past and his parents. I love Elijah, he is the kind of guy who I enjoy in books, the jaded one who opens up for love. For a short story the author managed to get a lot done. But - I often felt outside of it, couldn't get into "feeling the story". While looking over it again for this review....I think because a lot is told, not shown. So...3,5 stars from me.
