Von Beth Labonte : What Stays in Vegas (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised What Stays in Vegas (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Fun!Von eva__This book was fun (and funny). Tessa was easy to like, and so was the guy (unfortunately I guess he was somewhat less memorable than Nick, the bad guy Tessa lusts after). What was disappointing was Tessa's stupid behaviour when Nick comes after her. Ugh.But the storyline about her boss's divorce and the evil client was

entertaining (and true to life, I am sure...). All in all, I am glad I read this book!

Von ClaudiaH Yes, it was necessary to mention that this book is really well edited, because unfortunately that can't be taken for granted with e-books. Apart from that, what I liked most about this book was that the female protagonist works as a "mere" admin assistant (even though she's an artist at heart), that made for a refreshing difference to most other romance novels. She's a very likeable character, and it was fun to follow her story. Definitely recommended.

Von morgaN Nice, funny and entertaining. I felt for Tessa, who had this crappy job in rainy Massachusetts and then got this totally incredible offer to transfer to Vegas. Hell, yes!

Kurzbeschreibung Bored administrative assistant, Tessa Golden, is trapped in a life of lousy weather, irritating bosses, and mind-numbing secretarial work. Her dreams of being an artist have rapidly deteriorated into building things out of paperclips while on hold with tech support. To make matters even worse, the love of her life has gone off and married another woman. So when Tessa is suddenly transferred to the Las Vegas branch of her company - playing wingwoman to her freshly divorced boss, juggling a client-from-hell, and catching the eye of one very eligible coworker - will she find that her best bet is to leave it all behind?
