Von Pepper Pace : Wheels of Steel Book 1 (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wheels of Steel Book 1 (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. packende Geschichte mit nur kleinen MngelnVon udinaDie Liebesgeschichte zwischen Robin und Jason ist absolut glaubhaft und wunderschn geschrieben. Jason`s Behinderung (spastische Lhmung) und die daraus resultierenden Probleme werden sehr realistisch beschrieben und nicht bescht, aber auch nicht bermig in den Vordergrund gestellt.

Wenn die Autorin Ausrufezeichen etwas zurückhaltender benutzen würde und die Rechtschreibfehler rauseditieren ließe, wäre's perfekt.

Kurzbeschreibung Jason, better known as Top, is an up and coming DJ. He's a white guy that knows more about Hip Hop than most and he also has cerebral palsy. His group Wheels of Steel is comprised of self-proclaimed misfits that are made cool by their talent. But despite his talent and popularity, Jason is plagued by issues of trust and anger. Robin is a shy black girl that takes a job as his home healthcare aid. Her crippling nervous condition makes everything difficult for her, not just her bad tempered client with cerebral palsy, but also his close knit friends, and even her mother with her best intentions. Their saga takes them along a musical journey of self-discovery and love. This three part interracial love story explores the spirit of love and acceptance between a person with an obvious disability and someone whose disabilities are not always quite so obvious.
