Regency Romp with flair from first time writer Galen Von Deborah Macgillivray There is a lot of new writers out of late, and I am enjoying the fresh voices! Shana Galen is another demonstrating she is a writer to keep an eye on. In her debut novel, Galen has strong tale, with threads of delightful secondary characters promising more in a series. Set in England in the very early 1800s, Lady Lucia Dashing is manhandled by her drunken fianc Reginald Dandridge. To the rescue comes dashing...um...well sexy Alexander Scarston, Earl of Selbourne. It's been five years since the earl has seen Lucia, and he is amazed how the weak slip of a lass has gone into a sexy woman! Lucia being a sensible and strong-willed woman, insists she is fine, but Alex is adamant that he protect her. Alex is tempted by the adorable Lucia, but he has other fish to fry currently. Alex is a spy, and he has been asked by Lucia's father to find out what happened to her twin brother John. John has gone missing. Lucia is determined to find her brother, too, but Alex really doesn't want her interfering or get in his way. What Alex wants has little consequence, when the forceful Alex is determined to say the day. As they work to solve the disappearance of John, they fall in love, but Alex believes he is too old for Lucia. Lucia has other notions! It's an action packed Regency tale, that keep the reader turning page after page. Galen does sexual tension well, and delivers engaging characters in Lucia and Alex. I will be looking forward to her next book and watching her progress as a rising Regency star. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Charming, thrilling and sparkling! Von Ashleigh Top notch Regency! Charming, thrilling, sparkling is what comes to mind after reading this novel. Having read not a lot of novels in this genre I do know Shana Galen is a rising author of the new generation. For the time it took me to read this book it has kept me in its thrall. It's fast-written so you get caught up in the story straight away and it's such an easy read that you totally forget the time. Of course the characters were breathtaking, I absolutely adored Lucia, more so because I recognize a lot of myself in her, making it all the more fun to read how she quickly wraps Alex around her fingers. I think it's best to describe her as a Regency-chick with balls!!! Now Alex is a whole different thing, you just have to love him. Throughout the length of the novel it was funny to read how he struggled with his feelings of love, without it taking the overhand! The side-characters were amazing as well, making me very much curious how things will go on with Freddie and John. Because Freddie is a totally different man altogether and I for one want to peel off all the layers surrounding him, just like we did with Alex! And John, if he is anything like his twin-sister we are in for a ride with him as well. So maybe in the future we are able to read how things end with them as well! It was a perfectly balanced novel. Not too much of this not too much of that. And the title fits the story perfect because it applies in so many different ways in this book. I think I'm just awed by this smashing novel off Shana's hands. It made me want to go and get more of her novels. I can hardly wait to read another one. Especially since it's a light-read without missing any of the emotions, excitement and romance. It is still having me in its grip and in my opinion that makes it a perfect novel altogether. Praises for Shana Galen all the way for putting a story like 'When Dashing met Danger' to paper!!!! Quote of Lucia's mind rambling about Alex: "Oh! Horrid insolent man! He's a rake, a scoundrel, a blackguard and - Infuriating man! Damn him!" And most brilliant of course was the scene where Lucia breaks into Alex' home through a small window in the library - Priceless!!!! Written by Ashleigh Courtesy of Realms on our Bookshelves

Kurzbeschreibung From an exciting new voice in romantic fiction comes a fast-paced and emotional historical romance. Shana Galen is sure to dazzle readers with her undeniable talent and unique brand of wit and charm. This is an author to watch! Alex Scarston, Earl of Selbourne. Rake. Spy. With his efforts for England in the war against the French suspended, family obligations compel him to investigate the disappearance of Viscount Brigham's son. When the viscount's daughter becomes involved as well, Alex finds himself entangled in a venture that risks both heart and soul. It's not that Lucia Dashing, youngest daughter of Lord Brigham, wants Alex to go away. She just wishes he wasn't always so close perhaps a few rooms, or streets, or continents between them would bank the heat of her attraction. But when her brother disappears, she's no choice but to engage the earl in a battle risking her brother, her country, and her love.
