I liked it quite a lotVon SasasecretSo I realized that I wrote a really negative review recently but not a single good one! Shame on me.This book was the first story I read from Abby Green and I liked it a lot. The storyline is very typical: tortured hero type discovers his EX has a child, behaves as a jerk, she gives back and a HEA at the end. But I really like her writing style and both of the characters. A good mixture of emotional angst, love story and some fights.Das selbe gilt brigens auch fr die anderen beiden Geschichten aus der Reihe.

KurzbeschreibungShe has the power to change everythingRafaele Falcone runs his luxury auto empire and his private life with the same ice-cold ruthlessness. Emotions play no part in his decisions and he always demands the best so he doesnt hesitate to ask brilliant engineer Samantha Rourke to join his company, even though he walked away from her years before.That sexy Italian accent still sends shivers down her spine, but gutsy Sam knows its not just about her impossible desire to feel his hands on her body once again. Because Falcone is about to discover her deepest secret one that will send his world into a spin!Breathtaking writing, I cant get enough of Abby Greens characters!
