Von Iris Rainer Dart : When I Fall In Love (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised When I Fall In Love (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Readers will fall in love with this poignant, upbeat romanceVon Ein KundeTV comedy writer Lily Benjamin is depressed over the death of her long time friend, mentor, and boss Harry Green. The producers of the hit sitcom Angel's Devils hire acid-tongued Charlie Roth to replace the popular Harry. At their first meeting, Lily and Charlie seem to rub each other the wrong way. Besides his not cutting her any slack over being a single mother raising a teenage boy, she finds his jokes about his physical handicap to be in poor taste.Lily's world collapses even further when her physically active son is injured during a domestic dispute. His injuries leave him paralyzed with the firm belief he has no future. Only Charlie can get inside his head and help him adjust to his condition. As she watches the abrasive Charlie helps her son adjust, Lily sees and falls in love with the inner being. Charlie also falls in love with Lily, but decides she needs a "complete" male for a spouse. Lily wants Charlie and plans to do whatever it takes to get him.Readers who enjoy a poignant, passionate contemporary tale hold Iris Rainer Dart in high esteem. Her latest novel, WHEN I FALL IN LOVE, is as deep as any novel ever gets because of the characters. Lily and Charlie struggle to adjust to his being wheelchair bound for life. The abrasive Charlie shows them that there is much left in the future for all of three them to look forward to if they go after it. Ms. Dart leaves her audience with a wonderful message that anyone can do just about anything if they only try.Harriet Klausner0 von 0 Kunden fanden die folgende Rezension hilfreich. A beautiful storyVon Ein KundeTV comedy writer Lily Benjamin is depressed over the death of her long time friend, mentor, and boss Harry Green. The producers of the hit sitcom Angel's Devils hire acid-tongued Charlie Roth to replace the popular Harry. At their first meeting, Lily and Charlie seem to rub each other the wrong way. Beautiful and PoignantVon Leticia Y. LopezIt has been my life-long wish to become a writer. To put words down on the written page that will move, captivate, and enthrall the audience. Novels that are not only well written but seamless -- moving the reader into another realm where words blur into reality. I have seen only a handful of authors do this and Iris Rainer-Dart is one of them. This is the first book I have read by Dart and to be honest, it sat on my shelf for months. Now that I have read it, however, I can't help but ask myself "Why did you wait so long?" She is a wonderful author and this is an astounding novel. All throughout the novel, I lost myself in the pages. The characters were so well sketched, the story so plausible. It was just so REAL. How often can you say that about a novel and its characters? Even now, several days after I have finished reading it, the story stays with me. I find myself re-reading sections that I particularly liked and thinking about the characters as if they were real. I don't know how Dart does it, but she finds a way to dig into your soul and remain there. Just how does she do that? And, more importantly, how can I learn her secret?

KurzbeschreibungFunny, feisty Lily Benjamin has it all-as a top television comedy writer she juggles her demanding job, single motherhood, and a satisfying romance with a well-respected doctor. But suddenly her life is turned upside down. Her relationships grow lackluster, her housekeeper ups and quits...and,tragically, her mentor and boss dies-leaving her at the mercy of her new boss. Charlie Roth, known as the God of Jokes, is heartless, hilarious, and off-the-wall crazy...and with terrible problems of his own. But when a new tragedy strikes Lily's life, Charlie's coldhearted exterior melts away, revealing the sensitive spirit of a man who understands heartache as no one else can...who helps Lily and her son rebuild their lives...and makes her believe that love can happen when you least expect it..com Told with the same compassion and humor that drew readers to her bestselling book, Beaches, Iris Rainer Dart's When I Fall in Love is the story of one woman's search for true beauty and strength in today's cruel world. Lily Benjamin may have a great job as a comedy writer and a sweet cardiologist fianc, but when her 15-year old son Bryan's spinal cord is severed by a gun shot, she can find no solace in humor or medicine. Bryan thinks life as a paraplegic will be dismal, and Lily can't muster any optimism either. When her new boss Charlie Roth shows little patience for her, Lily is dumbstruck. Charlie's attitude strikes her as particularly cruel and insensitive, considering his own disfigurement from cerebral palsy.Even worse, however, is Charlie's new interest in Bryan. Determined to give Bryan and herself appropriate time to grieve, the last thing Lily wants is to have Charlie storming into the hospital and confronting them with his warped opinions on cartoon cripples. But as Bryan reacts to Charlie's offbeat humor, Lily slowly realizes that

Charlie connects with Bryan in a way no one else can. Through Charlie's guidance, humor, and love, both Lily and Bryan gain a new perspective on life. As Lily reflects on her feelings for Bryan, Charlie, and her fianc, Mark, she struggles to learn that, "It is only with the heart that one can see. What is essential is invisible to the eye."Tackling the sensitive issues of disability and self-image, Dart's mixture of down-to-earth dialogue and realistic character development keeps the After-School-Special-Syndrome at arm's length. Our heroes have human flaws, and--with the exception of a minor wife-beating character--our villains are sympathetic. The evolution of Lily's own attitudes and outlook is genuine, and readers will enjoy strong secondary characters as well as some heartfelt humor in this unexpected love story.--Nancy R.E. O'Brien.deTold with the same compassion and humor that drew readers to her bestselling book, *Beaches*, Iris Rainer Dart's *When I Fall in Love* is the story of one woman's search for true beauty and strength in today's cruel world.
