Von B N Toler : Where One Goes (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Where One Goes (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Traurig, liebenswert, tragisch und doch unglaublich schnVon Anja S.Die Gabe mit Toten reden zu knnen ist fr Sie eher ein Fluch. Ihre Eltern halten sie fr verrckt und versuchen Sie mit Psychatern und Psychopharmaka wieder "normal" zu machen, was natrlich nicht funktioniert und daher gibt Ihr Vater Ihr Geld und schickt sie weg. 5 Jahre lebt sie auf der

Strae und reist von einem Ort zum nächsten, immer dahin wo die Geister sie hinschicken damit sie ihnen hilft. Cassandra ist einsam, gebrochen und möchte nicht mehr leben. Hier tritt Ike in Erscheinung, ein Geist der es schafft sie umzustimmen. Die beiden gehen einen Handel ein: Ike hilft Cassandra einen Job zu bekommen, eine Unterkunft und nette Menschen kennen zu lernen und sie hilft ihm sein Herzensangelegenheit zu regeln damit er endlich gehen kann. Was Ike im "Limbo" festhlt ist sein Zwillingbruder George, der mit dem seinem Tod nicht klar kommt uns sein Leben zugrunde richtet. Whrend Cassandra normalerweise Distanz zu den Geistern hlt baut sie zu Ike eine Verbindung auf. Sie findet einen Job in Georges Restaurant und fngt an sich langsam ins Leben zurck zu kmpfen. Ike ist unglaublich nett, verstdnisvoll und fr sie da. George ist abweisend, Kokst und verhrmt. Cassandra fhlt sich zu beiden hingezogen aber ihr ist bewusst, dass sie Ike verlieren wird und ist darber innerlich zerrissen. Vieles passiert in dem Buch, eine Menge netter Menschen helfen ihr und die Geschichte ist unglaublich emotional geschrieben. Bevor die Story richtig los ging hatte ich das erste Mal Trnen in den Augen, bis zum Ende der Geschichte habe ich ein komplettes Paket Taschentcher aufgebraucht und konnte zwischendurch nicht mehr weiterlesen, weil ich einfach nichts mehr sehen konnte. Ein unglaubliches Buch welches ich in einem Rutsch gelesen habe und es hat ein HEA. Das einzige was ich etwas kritisieren möchte ich der Epilog, den fand ich fast berflssig. Wer auf emotionale Geschichten steht ist hier mehr als gut aufgehoben.0 von 0 Kunden fanden die folgende Rezension hilfreich. You need a box of tissues for this one! Von Kate Corner It's been about a day now since I have finished this book and I am still feeling this book to the deepest parts of my Soul. Currently I'm listening to Adele "Someone like you" and it is hopefully putting me in an emotional state to write a review.5 beautiful, heart breaking, guilty "Where One Goes when one crossover" Stars. I highly recommend to get the tissues out luckily noone at work noticed the water works. Embarrassing? Yep! Do I care? No. This is the first book I read of this author and well in my eyes she has a lot to live up to now. I got sucked in to this book from the first page and although there are some things that would usually trigger a negative response, here they didn't. Charlotte, call me Char has been alone for 6 years, she sees dead people, yes, the whole 6th sense thing is going on here. 6 years of hardly any real social contact. Sorry but ghosts/dead people don't count. She has come to the end of the road with no money, no will left to live and no hope and there is only one way out. After tipping off the police to Casey's murder (ghost who is in limbo) Ike McDermott has a dilemma, he is dead, in limbo and needs to sve his twin brother George. He needs help and that is where he meets Char at the bridge ready to take some drastic measures. They make a deal. Ike helps Charlotte get back on her feet. Charlotte helps with his twin George. George is spiralling out of control. After Ike's death. He has turned to coke, sleeping with his employee and being an arse. We also have the resident skank Misty. The dodgy Scots man named Sniper who served with Ike. How does Charlotte get George to give her a Job at "George and Ike's Restaurant" well guess his favorite song of course. The interaction between "both couples" is really amazing and I was torn to be on whoose Team. It showed that if Ike would have been alive then Charlotte never would have choosen between the two. Ike was jealous but if anyone should be with Charlotte then it would be George. Both Ike and George have their strengths and weaknesses which made me love both so much. Charlotte is a strong individual and has a strong moral sense and is reserved and observes before she makes her move. George felt the same that although Charlotte loved Ike at was at least his twin brother. It deals with how Charlotte although she helps one of them she will loose the other. Pain is deep, demons lie awake waiting to reer their head. Time doesn't heal all wounds but it does get better. The broken pieces make us who we are and together we can be whole. We all want to take the blame the something that was never our fault. We always want the other to prevail. Ike and George had a supporting family whereas her parents sent her on her merry way thirty thousand dollars to take a holiday as her gift was affecting their life. I wasn't entirely sure what to expect when Ike and Charlotte started having feelings for one another and then George and Charlotte also started to have Feelings for one another. I was like what? how on earth is this going to work? A ghostly love triangle, odd but it worked and I don't do love triangles. So that is saying something. Thank you Ms. Toler for this fantastic book. This is just my honest opinion on this book. I'm sure there are some things that bothered me but they don't weigh enough on me to mention.0 von 0 Kunden fanden die folgende Rezension hilfreich. Where one goes is as heartbreaking as it is beautiful. Von Sydrian The story might not seem as attractive as it is, thanks to Hollywood, who has definitely abused the girl that sees dead people for really bad movies and shows. Regardless, I picked this book up and I didn't regret it for a second. Since chapter one I was a 100% invested in the story and I soon had a strong connection with the main characters. I found myself quickly falling for this book. Hard. Falling for all of the characters, and feeling through them. And oh my, is there anything better than that? Than to read and completely escape your mind, forget about everything and just live through the book for a few moments? I grew to love everything about Where One Goes so fast and so easily. Charlotte, the main character sees herself drifting away from her life, lacking a goal, perspective. The night she is about to put an end to everything, Ike saves her from a no return decision. But Ike also needs salvation, and only Charlotte can help him. What you dont expect from this story is that Ike doesnt want his own salvation, but his brothers, George. Charlotte, Ike and Georges story is a painfully beautiful one. I could not hold the sobbing while reading the last chapters. I might be an easy cryer but this book turned me into a sea of tears. Mostly sad, but also happy ones at the same time. I ached for Ike, his story broke my heart but also put all the pieces back together after. And that, my dear people, is what I call falling in love with a book. Where one Goes is one of the books that has made me cry the

biggest tears, that with the simple thought of Ike I become a puddle yet again. This book is beautiful, moving and one of my all time favourites.

Kurzbeschreibung What happens when the very thing ruining your life ends up saving it? I was never one to believe in spirits until six years ago, when a bone-chilling accident changed my life forever. My name is Charlotte, but most people call me Char and I have a special gift. I talk to the dead. Make no mistake, I can't summon them. I'm only able to see and speak to the spirits that linger when they're unable to crossover. They're somehow weighted to the world with unfinished affairs. And for the last six years, I've relentlessly used my gift to help their lost souls. But it comes at a price. My life is dark. Feeling despondent, I've begun to give up. And in helping the dead, I've realized I haven't allowed myself to live. With no money, no place to go, and most importantly no hope, I've decided there is only one option to end it all. But fate is a funny thing. One minute, I'm about to leap to my death, and the next, I'm saved by Ike McDermott. The strong, striking soldier stopped me from putting an end to my despair. He's the kind of man that smiles and brightens an entire room. Sweet and gentle. He is my savior. And he's dead. We've made an agreement. He'll help me find a place to stay and a new job if I'll help him with his unfinished business so that he may crossover. Ike's unfinished matter involves his twin brother, George. George has been falling apart since Ike's death and Ike has not been able to compel himself to crossover in peace until he knows George will be okay. When I agreed to help, little did I know that I'd fall in love with the charming folks of Bath County, and Ike and George McDermott. Now, as both brothers own equal parts of my heart, I am faced with a cruel and unfair predicament. In saving George, I must let go of Ike. But how does one let go of half of their heart?

ber den Autor und weitere Mitwirkende B N Toler lives in Virginia. When she's not reading or writing, she's thinking about reading or writing. Before she became a self-proclaimed writer, she worked as a real estate agent and as an orthodontic technician. **She will notice your teeth before your eyes or hair or anything.** She enjoys shopping (way too much) and is on a first name basis with several employees at the local Target in her town. She loves music, (bluegrass, country, 80's, actually she loves most music ~her favorite song is American Pie by Don McLean and she worships anything that is Elvis and Johnny Cash and Eric Church) dancing, (even though she sucks at it) reading, writing, eating (too much) sleeping late, (which she rarely gets to do) and laughing. If you can make her laugh, she will love you forever.
