**Von Jaime Clevenger : Whiskey and Oak Leaves (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Whiskey and Oak Leaves (English Edition):

Kurzbeschreibung Caught up in the fast-paced career as a paramedic, Meg has little energy for a full-time relationship - or so she tells herself. But on a fateful emergency call, Meg meets June, a single woman running a horse ranch in the California Sierra foothills. Having always wanted to learn how to ride, Meg soon finds herself on horse under June's careful direction. The two become quick friends and it isn't long before Meg is looking for more than just a friendship. But June has no interest in developing a deeper relationship with Meg. She is, after all, not the least bit interested in women... or is she? Neither of these two women is prepared for what lies ahead...

Having always wanted to learn how to ride, Meg soon finds herself on horse under June's careful direction. The two become quick friends and it isn't long before Meg is looking for more than just a friendship. But June has no interest in developing a deeper relationship with Meg. She is, after all, not the least bit interested in women... or is she? Neither of these two women is prepared for what lies ahead...

Synopsis On a fateful emergency call, Meg meets June, a single woman running a horse ranch in the California Sierra foothills. Always wanting to ride, Meg soon finds herself on a horse under June's careful direction. The two become quick friends but Meg realises she wants more than a friendship. Meg's attraction seems to only push June, who believes she is straight, anyway. On the side, June is embroiled in a fight against land developers to save her water rights and tied up in a family struggle to keep control of the ranch. After Meg steps in to help save the ranch, June slowly comes to terms with her own feelings toward Meg. Neither June nor Meg feel prepared for what lies ahead at the ranch as they forge their lives together.
