Von Garry Disher : Whispering Death (A Hal Challis Investigation) before purchasing it in order to gage whether or not it would be worth my time, and all praised Whispering Death (A Hal Challis Investigation):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. The 6th Book in the Inspector Challis Series...Von Miki101.Micha ... is gratifying the reader as always.Maybe better - if possible!Because this time our good Inspector Challis seems to get older and is alone - his lover Ellen being on a schooling abroad for several weeks. So, he is also always more insatisfied by the penny-counting Police Administration of the state of Victoria/Australia - cutting the forces more and more to the quick and denying that

crime rates are increasing. So when an abduction ending with the brutal rape of a young woman in his district of the Mornington Peninsula is to be resolved by him, and "Hey Presto!" also, our hero speaking with a reporter doesn't keep his harsh feelings for himself...Result: Applause from his fellow police-men and women, and more than a slap on the fingers for Challis. The rapist upgrades to murder, and a sex-crime specialist is flown in. Who privately seems to have her own agenda with Pam Murphy...Scobie Sutton, always troubled by his wife's depression, can't take all that violence any more and is directed by his Boss to maybe greener pastures...There also is a serial bank-robber heading to Waterloo, only a question of time and he appears. And a very able female burglar fleeing from a bent Ex-policeman breaks into the wrong house, where a cold-blooded art-falsifier and -vendor is willing to clear her and her hubby's way out to Vanuatu by all available means...There will be more than only one manhunt, woman-chase, hostage situation and showdown in this very vivid and breathtaking thriller! Garry Disher - also known for his novels about the burglar Wyatt - doesn't disappoint his readers in this sixth Challis Destry novel. He keeps the suspense very, very high on the various fronts, while he takes his regular characters in perhaps entirely new directions. Disher is THE grand master of the police procedural, reaching new heights with this book! Highly recommended! (This review is for the kindle version I bought over .it)

Kurzbeschreibung The long-awaited sixth installment in the Inspector Hal Challis series set in Australia, available in the United States at last! Hal Challis is in trouble at home and abroad: dressed down by the boss for speaking out about police budget cuts; missing his lover, Ellen Destry, who is overseas on a study tour. But there's plenty to keep his mind off his problems. A rapist in a police uniform stalks Challis's Peninsula beat, there is a serial armed robber headed in his direction and a home invasion that's a little too close to home. Not to mention a very clever, very mysterious female cat burglar who may or may not be planning something on Challis's patch. Meanwhile, at the Waterloo Police Station, Challis finds his officers have their own issues. Scobie Sutton, still struggling with his wife's depression, seems to be headed for a career crisis; and something very interesting is going on between Constable Pam Murphy and Jeanne Schiff, the feisty young sergeant on assignment from the Sex Crimes Unit.

Pressestimmen Praise for *Whispering Death* "Top-notch ... Trust me, mate: Readers will want to make a return visit to Disher's Australia." *The Christian Science Monitor* "Versatile and prolific, Disher keeps this series fresh and again delivers a procedural with real authority." *Booklist* "It's hard to convey the richness and fluidity of Disher's style as he sends us along the ride...saving room for a perfectly placed line or the gesture that sums up a character ... those who haven't read Disher before will wonder why it took them so long." *ing the Evidence* "Very entertaining." *Gumshoe* Praise for the Hal Challis series "Terrific plot, nuanced characters and solid procedures, served up on a refreshing new turf." *The New York Times Book* "Delightful ... BUY IT." *New York Magazine* "First rate." *Washington Post Book World* "The fifth book featuring Disher's team of romantically involved crime-solvers has them investigating the Down Underbelly of an Australian vacation spot." *Entertainment Weekly* "Colorful.... Disher has literary talent and imagination." *Chicago Tribune* "Terrific." *Seattle Times* **Pressestimmen** In his sixth Peninsula murder mystery, Garry Disher keeps the tension and intrigue ramped up exquisitely. Praise for the Hal Challis series: "Terrific plot, nuanced characters and solid procedures, served up on a refreshing new turf." *The New York Times Book* "Delightful.... BUY IT." *New York Magazine* "First rate." *Washington Post Book World* "The fifth book featuring Disher's team of romantically involved crime-solvers has them investigating the Down Underbelly of an Australian vacation spot." *Entertainment Weekly* "Colorful....
