Von Alex Lukeman : White Jade (The Project Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised White Jade (The Project Book 1) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Action and adventure to the max! Von mountainmama Nick Carter works for The Project a counter-terrorism agency in the US. When a millionaire is robbed of millions and killed for an ancient Chinese book about immortality, the evidence points to a planned coup of China. Nick teams up with the murdered mans niece and a fellow Project colleague to thwart the takeover. Dialog, plot, and characters were logical, believable, and very well done. Research was impeccable. Readers

are immersed in the scenes from Washington to the amazing hidden tombs in the frozen mountains of Tibet. I read one of Mr Lukeman's later novels several months ago, and looked forward to reading more of his work. I really expected this one to be less polished, but was happy to see it was just as good as his later works. A thrill ride from start to finish. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Enjoyable debut Von Honest Reviewer Alex Lukeman's debut novel, the first in his Project series is a very solid action piece. Sure, it's all slightly over the top but which action novel isn't? Also we are still moving in the fictional world and the book does certainly not pretend to be a documentation. Compared to, say, Matthew Reilly's work it's still quite down to earth but maybe not written as fluently. White Jade left me wanting to pursue Nick Carter's adventures further in any case. He and the other characters in the book are well-defined and I am sure that this series and the relationship between Nick and Selena will develop into something highly entertaining. The only flaw for me personally was the story about a coup in China which just didn't sit right with me but it has worked for plenty of other readers when you look at the reviews. So all in all I'm giving 3 stars (maybe even 3.5). 0 von 0 Kunden fanden die folgende Rezension hilfreich. Absolut unterhaltsam Von - Kunde Hier haben wir einen sehr intelligent aufgebauten Thriller/Adventureroman. Die Charaktere sind gut beschrieben und schn entwickelt, auch wenn Selena irgendwie eine Alleskunnerin ist. Die Hintergrundgeschichte ist interessant aufgebaut, so dass sich der Plot zu einer gelungenen Mischung aus Krimi/Spionagethriller und Adventureroman vereint. Man merkt, dass der Autor sich bei seinen Recherchen viel Mühe gegeben hat. Es ist ihm gelungen, das erlangte Wissen sehr gut in den Roman zu verweben. Dieses Buch hat wirklich alles, was ein gutes Buch braucht. Einziges Manko sind die verwendeten Abkürzungen, die sich mir als nicht Muttersprachler nicht immer sofort erschließen.
